**GENERAL BACKGROUND**
CHA’s Resident Services Division is charged with engaging youth in out-of-school time and summer activities to support their development. The Learn and Earn program takes place at college campuses throughout Chicago and provides academic enrichment and career development opportunities for approximately 700 youth between the ages of 13-15. The Learn and Earn program addresses the learning loss that often occurs during the summer months; in 2013, youth showed average gains of 2 months of learning in math and no summer learning loss in reading. The Learn and Earn program also contributes to the outcomes of One Summer Chicago, the initiative coordinated by the City and County that provided more than 17,000 youth opportunities last summer.

Summer Advantage will be responsible for staffing, managing and implementing the approved curriculum at each Learn and Earn site where youth will be attending for 30 hours per week for 6 weeks. During the program, youth will participate in a morning academic enrichment session based on the provided curriculum that focuses on reading and math proficiency. In the afternoon session, youth will participate in career development that includes industry and career awareness, exploration and preparation activities. Youth will receive a stipend of up to $600 based on attendance and participation.

The Board action recommended in this item complies in all material respects with all applicable Chicago Housing Authority board policies and all applicable federal (HUD) procurement laws.

The EVP of Resident Services concurs with the recommendation to exercise two, one-year options Summer Advantage for the Learn and Earn program.

The CEO/President recommends the Board authorize the exercise of the second one-year option of Contract No. 11105 with Summer Advantage to provide the Learn and Earn program in a not-to-exceed amount of $1,700,000 and the exercise of the third one-year option at the discretion of the CEO, or his designee, subject to funding availability and satisfactory contract performance, in an amount not-to-exceed $1,700,000. The aggregate total requested for approval of the second and third one-year option periods is an amount not to exceed $3,400,000. The new aggregate contract total, including the base term and three one-year options will be an amount not-to-exceed $5,441,598.
