## **ARTICLE II CONTRACTOR'S DUTIES AND RESPONSIBILITIES**

**2.1 Scope of Services.** The Scope of Services that the Contractor may be requested to provide under this Agreement are contracting services through CHA's JOC procurement method

for Contractor's applicable JOC Trade(s). The nature of the work includes, but is not limited to, construction, modification, maintenance/repair, and interior, exterior and structural demolition. Services will include, without limitation, management, supervision, labor, transportation, facilities, materials, tools, disposal, coordination of subcontractors, documentation and equipment (except any CHA provided property, including utilities, as may be specified in individual Task Orders), and all related activities necessary for the performance of the Detailed Scope of Work as described in the Task Orders. The Scope of Services is further described in Exhibit I, attached hereto and incorporated by reference herein.

**2.2 Statement of Work.** The work of this Contract will be set forth in the Detailed Scopes of Work referenced in the individual Task Orders. The Contractor is required to complete each Detailed Scope of Work for the Task Order Price and within the Task Order Completion Time. The Services that the Contractor shall provide under this Agreement pursuant to Task Orders are described generally in the sections of Exhibit I applicable to Contractor's assigned JOC Trade(s). All work shall be accomplished in accordance with the terms and conditions of this Agreement, the Detailed Scope of Work, the Task Order specifications and drawings, if any, and the performance schedule set forth for each Task Order. Contractor's efforts extend beyond the conventional, single job construction efforts, and require the capability to plan, schedule, coordinate, manage, and execute a fluctuating flow of unrelated projects with a variety of skills and skill levels.

**2.3 Contract Administration.** The Contractor, if selected to perform Services pursuant to a Task Order resulting from a Task Order Proposal, shall act as the prime contractor for the Detailed Scope of Work for the Project described in the Task Order. The Contractor will be required to work with the CHA staff to satisfy the contracting objectives of awarded Task Orders. All Task Orders are subject to the terms and conditions of this Agreement.

- A. Any Services to be furnished under the Agreement shall be requested by the issuance of Task Orders by the CHA's Property Office through the Department of Procurement and Contracts. Task Orders may only be issued by CHA's Contracting Officer and may not be issued orally, but may be issued by facsimile, or by e-mail.
- B. CHA will request Task Order Proposals from Contractors on a rotational basis to Contractors in the applicable tier and JOC Trade as projects are identified. Section 3 Business Concerns within each tier and JOC Trade have a preference for Task Orders issued in the following order: 1) Business Concerns of the residents of Public Housing developments where the Section 3 covered assistance is expended; 2) Business Concerns of the residents of other CHA Public Housing developments; 3) Business Concerns of HCV Participants; 4) all other Section 3 Business Concerns in the Chicago Metropolitan Statistical Area. Task Orders will be re-assigned based on the established rotation when a Contractor is unable to immediately accept the work.
- C. CHA will schedule a Joint Scope Meeting with the Contractor to jointly scope the work with the CHA and/or a CHA designee. At the Joint Scope Meetings, CHA and the Contractor will discuss such details as the scope of work for the Project, site access, working hours, staging areas, project timeline, the presence of hazardous materials, and

requirements for catalog cuts, technical data, samples and shop drawings. The CHA and/or a CHA designee will prepare a Detailed Scope of Work and request that the Contractor submit a Task Order Proposal. In the event of emergency or for Task Orders requiring immediate completion, Task Order Proposals may be required to be submitted quickly, or Contractor may be required to follow alternative procedures established by the CHA.

D. Contractor shall submit a Task Order Proposal, which shall include the following:

1. (a) The Task Order Price Proposal; (b) required drawings and sketches; (c) list of anticipated subcontractors and materialmen, (d) the work schedule, and (e) any other requested documents.

The Task Order Price shall equal the value of the approved Task Order Price Proposal. The value of the Task Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-Priced Task (Unit Price x quantity x Adjustment Factor) and the value of all Non Pre-Priced Tasks. Contractor shall include all required tasks and quantities in the Task Order Proposal, applying the applicable Adjustment Factor. Contractors shall submit Task Order Proposals within seven (7) days of CHA's request, or within such other time frame as set forth in CHA's request. CHA reserves the right to request a Task Order Proposal from another contractor should Contractor fail to respond to CHA's request for a Task Order Price Proposal within the designated time frame. Contractors shall request any clarifications or additional information required to prepare the Task Order Proposal promptly so as not to delay submittal of Task Order Proposals.

E. Non Pre-Priced Tasks. Contractor shall submit specifications, technical data, drawings, or other relevant information in support of Non Pre-Priced Tasks. If the Contractor will perform the work, it shall submit three independent quotes for all material to be installed and, to the extent possible, use Pre-Priced Tasks from the Pricing Database for labor and equipment. If the Contractor is subcontracting the work, Contractor must submit three independent quotes from subcontractors. Subcontractor quotes or bids must be from subcontractors the Contractor is prepared to use. The CHA may require additional quotes or bids if those provided are not acceptable or if the pricing is deemed unreasonable.

Pricing for Non Pre-Priced Tasks shall be in accordance with the following formula:

- A =Hourly Labor Rate (for trades not identified in the Pricing Database) x the Quantity required
- B =Direct Material Costs (supported by three quotes)
- C =Direct Equipment Costs x the Quantity required
- D =Subcontractor Costs (supported by three quotes)
- E= Allowable Overhead and Profit = (A + B + C) x applicable adjustment factor as set forth in Article IV, Section 4.2

$$\text{Total Cost of Non Pre-Priced Task} = A + B + C + D + E$$

Once a Non Pre-Priced Task is used on three separate Task Orders, upon approval by the CHA, the Unit Price for such task shall be deemed established, and shall no longer require price justification.

CHA's determination whether a task is a Pre-Priced Task or a Non Pre-Priced Task shall be conclusive, final, and binding upon the Contractor.

- F. Where a task in the Task Order Price Proposal is less than the actual cost of labor and material, the Contractor may be compensated for such tasks as a Non Pre-Priced Task. Alternatively, Contractor may use Pre-Priced Task rates to cover that actual cost, so long as there is no additional work for that trade on the Project or no work for that trade that can be scheduled concurrently, and the cost does not exceed \$1,000.
- G. CHA shall review Contractor's Task Order Proposal and evaluate the appropriateness of Contractor's approach and work plan, identified tasks and quantities proposed, and overall cost in comparison with CHA's independent cost estimate.
- H. If a Task Order Proposal is accepted, a Task Order will be issued, which shall reference the Detailed Scope of Work and set forth the Task Order Completion Time and the Task Order Price. The Task Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. If a Task Order Proposal is rejected, Contractor must submit an acceptable Task Order Proposal within three (3) days of the rejection or CHA may reassign the Project(s). All required evidence of insurance, Section 3 Utilization Plans, and MBE/WBE/DBE Utilization Plans must be submitted and approved prior to issuance of a Task Order. CHA's issuance of a purchase order shall serve as the Notice to Proceed to the Contractor. CHA will only guarantee payment with a valid purchase order.
- I. Changes in the Work. CHA may request modifications to the Detailed Scope of Work. Should modifications be required to the Detailed Scope of Work, CHA may issue a change order reflecting such additional work or any deletions from the Detailed Scope of Work.
- J. CHA reserves the right to reject a Task Order Proposal, cancel a Project, or perform the work through other means, should it be determined to be in the best interests of the CHA. Contractor shall not be entitled to reimbursement for costs incurred in the preparation of a Task Order Proposal, including, but not limited to, costs for attending the Joint Scope Meeting.
- K. Contractor shall be responsible for its means and methods of performing the Detailed Scope of Work. However, CHA shall have the right to reject any such methods that are deemed hazardous to persons or property, that will not complete the Project in accordance with the terms and conditions of this Contract or the Task Order, or will unnecessarily increase the Task Order Price, where alternatives are available.
- L. Competitive Bidding for Certain Tier 3 Projects. CHA may elect to award certain Tier 3 projects through a competitive bidding process. Contractors will receive detailed instructions on the bidding process with the bid documents.

- M. Additional detail regarding the administration of Task Orders is provided in the Scope of Work/Statement of Work attached hereto as Exhibit I.

#### **2.4 Section 3 and MBE/WBE/DBE Participation and Requirements**

The Contractor agrees to send to each labor organization or representative of workers with which the Contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of Contractor's commitments under this section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

- iv. The Contractor agrees to include this section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR Part 135. The Contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 135.
- v. The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR Part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's obligations under 24 CFR Part 135.

The Contractor agrees to and waives any and all claims for payment of Work that would result in billings beyond the Task Order Price established in a Task Order without a prior written change order/modification to the Task Order authorizing said additional work and additional costs. All invoices shall be subject to review and approval by the CHA. If the CHA objects to all or any portion of any invoice, it shall notify the Contractor of its objection in writing and both parties shall make every effort to settle the disputed portion of the invoice.   - 1. Failure to perform the Services required with sufficient personnel or with sufficient material to ensure the performance of the Services or due to a reason or circumstance within the Contractor's control;

  - 3. Failure to perform the Services in a manner reasonably satisfactory to the CHA, or inability to perform the Services satisfactorily as a result of insolvency, filing for bankruptcy or assignment for the benefit of creditors;
  - 4. Failure to promptly re-perform within a reasonable time the Services or Deliverables that were rejected as erroneous or unsatisfactory;
  - 5. Discontinuance of the Services for reasons or circumstances not beyond the Contractor's control;
  - 6. Failure to comply with a material term of this Agreement or a Task Order, including, but not limited to, the provisions concerning compliance with HUD regulations, Section 3 and MBE/WBE/DBE reporting, health and safety protocols, insurance and nondiscrimination; and

- E. The Contractor's default under any CHA-funded, secured, or guaranteed lending or credit program.
- F. Any other acts specifically and expressly stated in this Agreement or the exhibits hereto as constituting an event of default.

**5.2 Remedies.** Upon the occurrence of any event of default which the Contractor fails to cure within thirty (30) calendar days after receipt of written notice specifying the event of default given in accordance with the terms of this Agreement, or, if such event of default cannot be reasonably cured within thirty (30) calendar days after notice, or if the Contractor has failed to commence and continue diligent efforts to cure such default within thirty (30) days, the CHA may, at its sole option, declare the Contractor in default. Whether to declare the Contractor in default is within the sole discretion of the CHA and neither that decision nor the factual basis for it is subject to review or challenge under the disputes provision of this Agreement. Written notification of the default, and any intention of the CHA to terminate the Agreement, shall be provided to the Contractor and such decision shall be final and effective upon the Contractor's receipt of such notice. Upon the giving of such notice, the CHA may invoke any or all of the following remedies:

- A. The right to terminate this Agreement as to any or all of the Scope of Work yet to be performed effective at a time specified by the CHA.
- B. The right to pursue any and all remedies, legal and/or equitable, available to the CHA.
- C. The right to withhold all or any part of Contractor's compensation hereunder with respect to Task Orders not completed in accordance with the terms hereof prior to the termination of this Agreement.
- D. The right to deem Contractor non-responsible in future contracts to be awarded by the CHA.
- E. The right to take over and complete a Project or any part thereof as agent for and at the cost of Contractor, either directly or through others.

If the CHA considers it to be in its best interests, it may elect not to declare default or to terminate the Agreement hereunder. The parties acknowledge that this provision is solely for the benefit of the CHA and that if the CHA permits Contractor to continue to provide the Services despite one or more events of default, the Contractor shall in no way be relieved of any of its responsibilities, duties or obligations under this Agreement nor shall the CHA waive or relinquish any of its rights.

The remedies under the terms of this Agreement or under any Task Order issued hereunder are not intended to be exclusive of any other remedies provided, but each and every such remedy shall be cumulative and shall be in addition to any other remedies, existing now or hereafter, at law, in equity or by statute. No delay or failure to exercise any right or power accruing upon any event of default or acquiescence therein shall impair any such right or power or be construed to be

a waiver of any event of default by the CHA, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

**5.3 Termination for Convenience.** Notwithstanding the foregoing, the CHA may terminate the Agreement, the Services or any portion of a Task Order to be performed under this Agreement for convenience at any time by giving notice, in writing, to the Contractor when the CHA may deem the Agreement to be no longer in the best interests of the CHA. Contractor shall continue to render the Services until the effective date of termination. No costs incurred by Contractor after the effective date of the termination shall be allowed. The CHA shall reimburse Contractor for all of the direct and reasonable costs, as determined by the CHA, which were properly incurred through the date of termination. The Contractor shall be required to certify that the work completed to the time of termination has been performed in a professional manner and, if applicable, in accordance with the Task Order, and that the work completed may be relied upon by the CHA, its designees and any subsequent contractor retained to complete a Task Order.

**5.4 No Damages for Delay.** Contractor agrees that it shall make no claims against the CHA for damages, charges, interest, additional costs or fees incurred by reason of suspension of work or delays caused by the CHA, or resulting from circumstances beyond CHA's reasonable control, including, without limitation, epidemics, fire or casualty, acts of God, strikes or labor disputes, war or violence, or any law, order or requirement of any government agency or authority. Contractor's sole and exclusive remedy for suspension of work or delays caused by the CHA or resulting from circumstances beyond CHA's reasonable control is an extension of time equal to the duration of the suspension or delay to allow Contractor to perform.

**5.5 Right to Offset.** To the extent permitted by applicable law:

- A. In connection with Contractor's performance under the Agreement and any assigned Task Order, the CHA may offset any incremental costs and other damages the CHA incurs in any and all of the following circumstances:
  - i. If the CHA terminates the Agreement for default or any other reason resulting from the Contractor's performance or non-performance;
  - ii. If the CHA exercises any of its remedies under Section 5.2 of the Agreement;
  - iii. If the CHA has any credits due or has made any overpayments under the Agreement.

The CHA may offset these incremental costs and any other damages by use of any payment due for the Services completed before the CHA terminated the Agreement or before the CHA exercised any remedies. If the amount offset is insufficient to cover those incremental costs and other damages, the Contractor shall be liable for and must promptly remit to the CHA the balance upon written demand for it. The right to offset is in addition to and not a limitation of any other remedies available to the CHA.

- B. Without breaching this Agreement, the CHA may set off a portion of the compensation due under an assigned Task Order in an amount equal to the amount of any liquidated or un-

liquidated damages or claims that the CHA has against the Contractor arising out of any other agreements between the CHA and the Contractor or otherwise unrelated to this Agreement, including, but not limited to, Contractor's default under any CHA-funded, secured, or guaranteed lending or credit program. If and when the CHA's claims against the Contractor are finally adjudicated in a court of competent jurisdiction or otherwise resolved, the CHA will reimburse the Contractor to the extent of the amount the CHA has offset against this Agreement inconsistently with the determination or resolution.
