(Item 3)
In June 2013, the CHA requested submissions of qualifications from interested Developers for the acquisition, development and management of mixed income developments. As part of the Unit Delivery Strategy, the Request For Qualification (RFQ) was created to initiate the Plan Forward commitment to complete the delivery of 25,000 units. The Unit Delivery Strategy is to build on CHA’s experience working with private development teams and owners to supply quality housing that enables low-income families to maximize their potential for long-term economic success. The RFQ provides a method to prequalify developers and creates opportunities for the CHA to: 1) Acquire public housing units in mixed income, mixed use and turnkey developments in Opportunity and General Areas in Chicago; 2) acquire turnkey off-site public housing units through CHA’s Real Estate Acquisition Program (REAP) and 3) Solicit proposals from Private Development Teams through the issuance of Opportunity Notices for on-site developments on vacant CHA properties. The selected respondents will be issued a “Letter of Qualification” and have two years from the date of that letter to submit proposals to the CHA. CHA may acquire units or enter into long term leases for the units, subject to Board, HUD, or other necessary approvals. The selected respondents provided commitment letters giving their best faith estimates of unit deliveries. Therefore to fund the acquisitions under this portion of the unit delivery strategy, the below resolution also approves funding of $72,000,000.00 for the Real Estate Acquisition Program over the two year Qualification Period. The Board will receive quarterly unit delivery reports.

At the December 11, 2013 committee meeting, staff originally recommended that 27 Development Teams be approved. Based on further review of the financials, three respondents were removed from the initial list.

RESOLUTION NO. 2013-CHA-115
WHEREAS, the Board of Commissioners has reviewed the Board Letter dated December 11, 2013 entitled “RECOMMENDATION TO APPROVE 24 Development Teams for
Subsidized Family Housing Unit Delivery and approve Real Estate Acquisition Program Funding in an Amount Not-to-Exceed $72,000,000.”

**THEREFORE, BE IT RESOLVED BY THE CHICAGO HOUSING AUTHORITY**

**THAT**

the Board of Commissioners authorizes the Chief Executive Officer or his designee to approve the below 24 Development Teams for subsidized Family Housing unit delivery and approve Real Estate Acquisition Program funding in an amount not-to-exceed $72,000,000. Units that are not Family Housing will require Board Approval.

(Item 8)
As a recipient of federal funding, CHA is mandated to provide accessible housing for people with disabilities. CHA recently successfully fulfilled its obligations under a Voluntary Compliance Agreement (VCA) with HUD that created a comprehensive planning tool, or Transition Plan, which outlined the number of accessible units necessary for CHA to comply with all federal accessibility requirements. In August 2013, A Request For Proposal was advertised in area newspapers and on CHA website, requesting professional architectural accessibility consulting services. While eight firms attended the Pre-Proposal meetings, only one firm, LCM Architects, submitted a proposal. The services LCM provides are specialized and LCM has worked directly with the CHA for the past several years as its VCA Third-Party Certifier to provide critical plan reviews and inspection services that ensured full code compliance of the units CHA designated as accessible. CHA created a three-step process for its designated accessible units: a plan review, a pre-drywall inspection, and a final certification inspection. By ensuring that designated accessible units underwent this process, CHA currently has 1,685 certified fully accessible units for people with mobility and sensory impairments. The continued provision of the key three-step process is vital to CHA’s on-going effort to comply with all federal, State and local government accessibility statutes, regulations and codes. Accordingly, the resolution for Item 8 approves award of contract to LCM Architects for Professional Accessibility Consulting Services, not-to-exceed $400,000.

The resolution for item 10 approves the fourth one-year option of contracts with Centers for New Horizons, Employment & Employer Services, Heartland Human Care Services, Metropolitan Family Services and Uhlich Children’s Advantage Network; approves the first one-year option of a contract with Near West side Community Development and extends contract with Holsten Real Estate Development Corporation, LR ABLA LLC and Brinshore Michaels Taylor LLC as service providers for CHA families, for an aggregate not-to-exceed amount of $21,680,000. As part of CHA’s Plan Forward: Communities that Work, Resident Services is charged with providing case coordination and direct services for CHA residents. In 2014, the service providers will have a focus on providing targeted services to address individual resident needs. The targeted services model will focus outreach on families who need it, including adults who are unemployed, families who retain their Right of Return pursuant to CHA’s Relocation Rights Contract and CHA youth. All other residents are able to continue to access services by contacting their assigned service provider to request the specific assistance needed. The redefined service model will have an intentional focus on three main areas: 1) Self Sufficiency Services that focus on increasing economic self-sufficiency in preparation to transition from subsidized housing; 2) Youth Empowerment Services to outreach to youth about new programs with providers and existing programs within the community; and 3) Quality of Life Services to help families remain stable in housing. As services for residents have continued to evolve each year, the targeted service model allows providers to better tailor services to individual resident needs without sacrificing available resources for families. Services will continue to be available to all residents, including, but not limited to: Housing stability services for those with lease compliance issues; Financial management programming; Education and literacy services, including referral to City Colleges and CHA’s adult basic education partners; Workforce services, including Job Readiness Training, connections to training programs (through CHA and other partners), and job placement and retention services; Mental health and well-being services; Referrals to other youth, adult and senior services. Resident Services previously entered into contracts with these nine firms for service provision. Three of these contracts were initiated through a non-competitive procurement based on the Master Development Agreements (MDA) with the developers at mixed income sites (BMT, LR ABLA and Holsten). The other six were initiated based on a competitive procurement completed in 2009 for the FamilyWorks program (CNH, EES, HHCS, MFS and UCAN) and a competitive procurement in 2011 for the Horner Engagement Program (NWS).

(Item 11)
The resolution for Item 11 approves an Intergovernmental Agreement with City Colleges of Chicago (CCC), not-to-exceed $1,000,000 to provide education and training programs for CHA residents. This award is subject to the Contractor’s compliance with the CHA’s MBE/WBE/DBE, Section 3 hiring, and insurance requirements.

(Item 12)
The resolution for item 12 approves award of contract to Chicago-Cook County Workforce Partnership (CCWP), not-to-exceed $400,000 to provide employment placement and training services. In particular, a key deliverable in Plan Forward: Communities that Work is to help at least 6,000 adults find new or better jobs by 2015. To accomplish this goal, CHA requires specialized workforce development services. The Chicago Cook Workforce Partnership will provide employment and training services for Section 3 residents seeking employment placement or to advance their career.

CCWP operates five workforce centers that are located throughout the city of Chicago. These centers serve as community hubs where job seekers can access skilled vocational counseling and technology to conduct their job search activities. CCWP offers workshops on interviewing skills, resume writing, labor market research and other essential skills related to finding and keeping a job. Through this agreement, CCWP will be able to more effectively market to and create employment seeking services for CHA residents. CCWP seeks to help improve skills and increase exposure to workforce opportunities including, but not limited to, enrollment in Workforce Investment Act (“WIA”) programs, attending structured job clubs, enhancing technology related job seeking skills, job readiness training and employment placement. Additionally, CCWP will provide access to adult literacy services through assessment and multifaceted instruction (e.g. technology based, direct instruction and referral). CCWP will seek to enroll 500 CHA residents in workforce development services during the first year of this agreement. They will also support progress toward CHA’s requirements under the Section 3 Voluntary Compliance Agreement by increasing employment services to low-income Chicago residents and publicizing all Section 3 positions that become available through CHA’s contractors.

RESOLUTION NO. 2013-CHA-124
WHEREAS, the Board of Commissioners has reviewed the Board Letter dated December 11, 2013 entitled “AUTHORIZATION TO ENTER INTO A CONTRACT WITH THE CHICAGO COOK WORKFORCE PARTNERSHIP”;

THEREFORE, BE IT RESOLVED BY THE CHICAGO HOUSING AUTHORITY

THAT the Board of Commissioners authorizes the Chief Executive Officer or his designee to enter into a contract with the Chicago Cook Workforce Partnership to provide employment placement and training services in an amount not-to-exceed $400,000 for the period of January 1, 2014 through December 31, 2014.

This award is subject to the Contractor’s compliance with the CHA’s MBE/WBE/DBE, Section 3 hiring, and insurance requirements.

(Item 13)
The resolution for Item 13 approves an Intergovernmental Agreement with Chicago Park District (CPD), not-to-exceed $450,000 to provide year round programs to CHA youth. CHA’s Resident Services Division is charged with supporting youth and adults on the path to self-sufficiency, which
includes providing positive engagement opportunities for youth during out-of-school time. To assist in meeting this goal, CHA partners with CPD to provide year round park district programs for CHA youth. Since 2002, CHA and CPD have collaborated to provide year round park district programs for CHA youth who otherwise may not be able to participate due to cost. The IGA offers reduced program fees for CHA youth ($5-$15 depending on the program) and the remaining program fees are split between CHA and CPD. Youth are able to participate in summer day camp, “Park Kids” after school programs, and vacation camps during spring, fall and winter breaks. CPD programs provide youth with age appropriate activities while assisting working parents by offering safe and constructive programs for children during out-of-school time. CHA will continue to encourage participation in additional CPD programs and will continue to collaborate with CPD to continue to bring supplemental programming to Park Districts near CHA developments (e.g. Counselor in Training Program, Junior Bears football, Windy City Sluggers softball, etc.). In 2013, CPD added a basketball program (Windy City Hoops) targeted toward CHA residents at Altgeld that will continue in 2014.

(Item 14)
The resolution for Item 14 approves an Intergovernmental Agreement with the Chicago Department of Family and Support Services (DFSS), not-to-exceed $1,758,240 to provide supportive services for CHA families. CHA’s Resident Services Division is charged with supporting youth and adults on the path to self-sufficiency, which includes providing supportive services to families that assist them in meeting their goals. In order to accomplish this, CHA and DFSS collaborate each year to provide services in the areas of early childhood development, out-of-school time, senior and family programming. In 2014, CHA and DFSS will provide the following initiatives: Out of School Time: DFSS will continue to offer out-of-school time activities for CHA youth including after school, summer and school vacation time programming. These quality programs offer youth a structured environment to participate in academic enrichment, arts and culture, computer science technology, sports fitness and career exploration activities. Through out of school initiatives, DFSS will specifically target youth at Altgeld Gardens to support the Housing Opportunities Services Together (“HOST”) demonstration program. Golden Diner: The Golden Diner Program provides meals that meet the recommended dietary allowances for older adults to help them stay healthy, and addresses isolation by providing the venue for socialization and physical activities for seniors to engage in before and after meals are served. DFSS covers the costs for meals provided through the Golden Diner, while CHA supports the costs of four (4) Assistant Specialists in Aging (ASIAs) who oversee the nutrition site operations. Homeless Prevention: DFSS will provide homeless prevention services to CHA residents facing eviction from a CHA public housing unit. Services offered include, but are not limited
to: crisis counseling, emergency shelter/interim housing placement; and relocation, transportation and storage. **Early Childhood/Family Services:** The Early Childhood and Family Services initiative involves the provision of early childhood and family literacy services. In addition to the enhanced outreach and support programs, DFSS will continue to provide its parent engagement/education program. In 2014, DFSS will continue to partner with several additional organizations to provide three (3) targeted programs focusing on: 1) nutrition and family menu planning; 2) parent ambassadors to educate families on the importance of early childhood programs; and 3) summer youth programs with focus on peacemaking and personal growth.
