I. Mission

The OIG is an independent oversight office whose mission is to promote economy, efficiency and integrity in the administration of programs and operation of the Chicago Housing Authority.

The OIG achieves this mission through criminal and administrative investigations, reviews, advisories and performance audits. From these activities, the OIG issues reports of findings and disciplinary and policy recommendations to ensure that CHA officers, the Board of Commissioners, employees and vendors are held accountable for running an efficient, cost-effective operation. The OIG is tasked to identify inefficiencies, waste, fraud, potential for misconduct, and to promote economy, efficiency, effectiveness, and integrity in the administration of CHA programs and operations. The role of the OIG is to audit CHA operations and make recommendations for improvement, when appropriate. CHA management ultimately the CEO is responsible for establishing and maintaining processes to ensure that CHA programs operate economically, efficiently, effectively, and with integrity.

II. Purpose of Annual Plan

The purpose of the Audit and Program Review Annual Plan is to express priorities for the year and outline a list of potential projects that fit those priorities. Our approach for executing these performance audits generally consists of interviews with key employees and contractors, review of documents, inspections, data extractions and the usage of applicable audit tools and investigating techniques.

A. Subject to Change

The Annual Plan is a guiding document subject to change and does not prohibit the introduction of new priorities or topics throughout the year. Some topics on the Plan may not be initiated or completed in the year. This may occur if time-sensitive priority projects emerge during the year, or if circumstances arise that reduce the priority of a planned project. In addition, a project originally launched as an audit may instead be completed as non-audit report, or it may be closed if the OIG determines that further work on the topic is not necessary.

B. Standard

The OIG conducts audits of programs in accordance with Generally Accepted Government Auditing Standards issued by the Comptroller General of the United States and Principles and Standards for the Offices of Inspector General. Those standards require that we plan and perform the audit to obtain sufficient, and appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. The adherence to these standards ensures that audits and program reviews comprise the requisite independence, planning, organizing, staff qualifications, direction and control, coordination, reporting, confidentiality and quality assurance.
III. Selection of Topics for Inclusion in Annual Plan

OIG gathers potential audit topics from a variety of sources including: complaints received from the public through the OIG hotline, past OIG reviews, current HUD events, CHA Internal Audit Annual Risk Assessment, OIG investigations and other government agencies performance audits. At all times the OIG audits strive to identify the existence of fraud and/or abuse environment in the administration of the particular programs.
