OFFICE OF THE INSPECTOR GENERAL

2020 ANNUAL REPORT
JANUARY 1 THROUGH DECEMBER 31, 2020

ELISSA RHEE-LEE
INSPECTOR GENERAL
FEBRUARY 1, 2021
February 1, 2021

Chairwoman Hurlock, Vice-Chairman Chico and Members of the Finance/Audit Committee:

During the 2020 reporting period, the OIG processed 531 complaints, initiated 31 investigations, and provided investigative support on 93 matters. OIG investigations resulted in one conviction, 12 indictments and 18 closed administrative investigations. Additionally, this report provides the OIG accomplishments from 2013 to 2020.

The OIG will continue to maintain and protect its independence to accomplish our mission through comprehensive investigations, audits, advisories, investigative support and analytics.

I thank Chairwoman Hurlock, Vice-Chairman Chico, the members of the Finance/Audit Committee, and CEO Tracey Scott for your continued support of the OIG.

Respectfully submitted,

Elissa Rhee-Lee
Inspector General

This Annual report provides an overview of operations of the OIG during the period of January 1, 2020 through December 31, 2020. This report includes statistical and narrative summaries of OIG activities for the past year.

I. MISSION OF THE INSPECTOR GENERAL’S OFFICE

The OIG is an independent oversight agency whose mission is to promote economy, efficiency and integrity in the administration of programs and operation of the Chicago Housing Authority (CHA). The OIG achieves this mission through:

- Criminal Investigations
- Administrative Investigations
- Program Reviews
- Performance Audits
- Analytics
- Advisories
- Fraud Awareness Training

From these activities the OIG pursues criminal prosecutions when appropriate. Additionally, the OIG issues reports of findings and disciplinary and policy recommendations to ensure that CHA officers, the Board members, employees and vendors are held accountable for running a transparent, efficient, and cost-effective operation. Furthermore, the OIG seeks to prevent, detect, identify, expose and eliminate waste, inefficiency, misconduct, fraud and abuse of public authority in CHA’s use of funds.

II. INVESTIGATIONS AND PROGRAM REVIEW STANDARDS

The OIG conducts investigations in accordance with the Association of Inspectors General Principles and Standards for Office of Inspectors General, using generally accepted principles, quality standards, and best practices applicable to federal, state, and local offices of Inspectors General. These include both general standards and qualitative standards as outlined in the above publication. Additionally, the OIG always exercises due professional care and independent impartial judgement in conducting investigations and in the issuance of reports and recommendations.

The OIG conducts audits in accordance with the Generally Accepted Government Auditing Standards issued by the Comptroller General of the United States and Principles and Standards for the Offices of Inspector General. Those standards require that we plan and perform the audit to obtain sufficient and appropriate evidence to provide a reasonable basis for findings, and conclusions based on the audit objectives. The adherence to these standards ensures that audits and program reviews comprise the requisite independence, planning, organizing, staff qualifications, direction and control, coordination, reporting, confidentiality and quality assurance.

OIG operations undergo an independent peer review conducted by members of the National Association of Inspector General (AIG) every three years to ensure compliance with the OIG’s governing standards. The most recent review was completed on August 14, 2019 and the OIG met the respective AIG standards for the period under review. The National AIG commented that, “the sheer size of the governmental operations that your office oversees, and your office’s jurisdiction and responsibility are unparalleled by any other local government inspectors general office.”
III. SIGNIFICANT INITIATIVES AND ACTIVITIES IN 2020

IV. 2021 GOALS

- Advise and inform the Audit Committee in a timely manner of concerns and issues within the OIG’s jurisdiction and impacting the CHA.
- Advise and inform CHA Management on OIG findings and recommendations to root out fraud, waste, misconduct and abuse of public funds.
- Pursue criminal investigations and seek restitution and/or forfeiture where appropriate.
- Continue Fraud Awareness Training for employees and contractors/vendors.
- Continue to provide evidentiary and investigative support to the HCV Department for ITT hearings.
- Continue to provide CHA management with OIG Advisories pertaining to relevant and emergent issues that may impact operations.
- Continue to utilize data analytics to maximize resources and knowledge-sharing through OIG initiatives designed to support a more efficient and compliant operational environment.
- Advance the use of technology in OIG operations to promote efficiency.
- Maintain OIG staff training and expertise in analytics, audits and fraud investigations.

V. STATISTICAL CHARTS AND GRAPHS OF COMPLAINTS
A. INVESTIGATIONS

In 2020, the OIG conducted investigations that led to criminal prosecutions and administrative sanctions. In addition to some of the cases highlighted in this report, the OIG conducted 24 criminal and 38 administrative investigations. Of those investigations, 54 have not been concluded within six months from initiation. The pandemic also contributed to significant delays in investigations. See the table below.

CRIMINAL INDICTMENTS

2019-09-00060

An OIG investigation was initiated in September 2019 involving HCV participant, Silk Lumpkins (Lumpkins). The investigation revealed that from November 2015 through March 2020, Lumpkins fraudulently received housing benefits totaling approximately $110,000 by concealing income and assets from the CHA as follows:

- Failure to report income she received from employment with several major companies.
- Using an alias and a second social security number to conceal her employment.
- Failure to report a residential home in Crystal Lake, IL, as an asset. As part of a 2013 Marital Settlement Agreement, she received sole possession of the residential property and was not responsible for paying the mortgage, taxes, or insurance on the property.
- Failure to report monthly rent payments she received since 2015 from tenants that rented the Crystal Lake property.
- Failure to report her husband as a household member or income from his employment.
- Failure to report monthly child support payments.
- Failure to disclose a Federal felony conviction for a bank robbery committed in May 2010.

On December 30, 2020, the Grand Jury sitting in the Circuit Court of Cook County returned a one count indictment charging Lumpkins with a Class X felony theft. The CHA OIG investigation will remain open pending the outcome of Lumpkin’s criminal court proceedings.

2019-01-00068

A CHA OIG investigation was initiated in January 2019 involving Brian J. Rice (Rice). Rice was a former employee of Nan McKay & Associates, which is contracted to administer the CHA’s Housing Choice Voucher Program.

The investigation revealed that between November 2018 and June 2019, Rice used his CHA credentials to solicit bribes from individuals applying to be placed on the CHA’s waiting list and those already on the list waiting to receive CHA vouchers.

Upon receiving payment, Rice allegedly provided applicants with a voucher and false information to provide to landlords. Once a landlord submitted the fraudulent information to the CHA, they were informed that neither the voucher nor the required tenant number could be verified.

Individuals allegedly paid between $1,800 and $2,500, and it is estimated that Rice collected more than $116,000 in bribes. While Rice repaid some of the money, in other instances he allegedly changed his phone number so that individuals who paid bribes could no longer contact him.
The CHA OIG identified in excess of 50 victims of Rice’s scheme and since many individuals were reluctant to cooperate, it is estimated that the number of victims is significantly higher. During the investigation OIG Investigators made contact with over 30 victims and witnesses.

On 1/15/2021, the Grand Jury sitting in the Circuit Court of Cook County returned 10 separate indictments charging Rice with 34 separate counts including bribery, wire fraud, theft by deception and forgery. Rice’s criminal court case in Cook County is still ongoing.

Prosecution of the matter is being handled by the Illinois Attorney General’s Office.

2014-03-00034

Lester Coleman, the owner of Coleman Development Corp (CDC) was indicted on federal fraud charges for defrauding by obtaining contracts in excess of $3 million dollars through CDC, a certified minority-owned enterprise (MBE). Coleman misrepresented the amount of work performed by CDC and the amount of employee wages paid.

As mandated by the US Department of Housing and Urban Development (HUD), the CHA required that MBEs, along with women-owned business enterprises (WBE), had ample opportunity to participate in the performance of contracts financed in whole or in part with federal funds. To further these ends, CHA rules required that a bidder, or a contractor who was awarded a CHA contract, allocate certain percentages of the total contract price to participation by one or more MBE or WBE.

CHA rules also required that employees working on a CHA project within specific trades had to be paid at least the prevailing wage rates set by the U.S. Department of Labor. Any contractor working on a CHA project was required to submit certified weekly payroll reports which set forth the name of each employee, the number of hours worked by each employee, the hourly rate of pay for each employee, and the gross wages earned by each employee.

According to the indictment returned in the Northern District of Illinois, Coleman caused CDC to bid on approximately 6 contracts and falsely represent that CDC, as an MBE, would itself perform an amount of work sufficient to satisfy the CHA’s MBE requirements, knowing that CDC did not have the capacity to perform the necessary amount of work. Coleman then entered into subcontractor agreements with Subcontractor A to perform substantially all of the services that Coleman represented to the CHA that CDC itself would perform. Coleman caused CDC to submit payment requests to the CHA on these projects that included supporting documents that falsely represented the amount of work done by CDC and others; inflated the labor and materials costs incurred by CDC; falsely underreported the amount of work done by Subcontractor A; submitted payment requests that falsely represented the identity of certain subcontractors; and caused CDC to falsely represent to the CHA that the employees working on the projects would be paid prevailing wages. Coleman caused CDC to falsely represent to the CHA certified payroll reports which falsely represented that CDC had paid its employees prevailing wage rates and that particular individuals had performed work on projects, knowing that CDC had not paid the prevailing wages and that certain named individuals had not performed work on the projects or had not performed the amount of work listed in the payroll reports.
CRIMINAL CONVICTIONS

2019-06-00012

A CHA OIG investigation was initiated in June 2019 involving former CHA Construction Inspector Carson Hughes (Hughes). The investigation revealed that from May 29, 2019, through June 15, 2019, Hughes solicited bribes and kickbacks from contractor(s) hired to do rehab work for the CHA. Hughes proposed the contractor(s) submit fraudulent work orders and supplements for work that was never done. Hughes then offered to sign off on the fraudulent invoices in exchange for a portion of the payments generated by the submission of those false documents.

On June 27, 2019, the Grand Jury sitting in the Circuit Court of Cook County returned an eight-count indictment charging Hughes with four counts of Bribery and four counts of Official Misconduct.

On August 21, 2020, Hughes pled guilty to one count of Attempt-Official Misconduct (amended count) before the honorable Judge Ursula Walowski and was sentenced to 12-months’ probation with Conditional Discharge. The OIG did not concur with the decision of the Cook County State’s Attorney’s Office, which allowed Hughes to plead guilty to an amended count.

The OIG considers this investigative matter closed.

ADMINISTRATIVE

2016-12-0005

An OIG investigation was initiated in January 2017 involving the Cabrini Green LAC Community Development Corporation (CDC) and allegations of mishandling of funds, conflict of interest and mismanagement.

The OIG investigation determined that the CDC failed to adhere to the intent of the Consent Decree. Despite receiving over $1.5 million between 2015 and May 2019, the CDC provided little or no benefits to the displaced and current residents of Cabrini Green. The CDC also frequently violated and ignored professional conflicts of interest advice by allowing CDC Board members and family and friends of Board members to profit and receive benefits from CDC funding. The CDC also failed to adhere to its regulatory responsibilities as an IRS-recognized Tax-Exempt Organization and potentially put at risk the developments that received government tax credits.

The investigation further revealed that the CDC was controlled extensively by Carol Steele (Steele), who directed all aspects of the CDC decision-making process. Expenditures and many actions taken by the Board were frequently not documented or recorded in the Board minutes. Since 2009, Steele appointed all Board members, many of which were family members and friends and, since September 1, 2016, Steele was both the LAC President and the CDC President.
Due to projected receipt of over $7 million in revenue by the CDC, the OIG recommended that the CHA return to Federal District Court to seek guidance on the oversight function to ensure proper implementation and enforcement of the Consent Decree.

On July 21, 2020, the CHA and the City of Chicago, filed a motion in US District Court, NDI, asking the court to modify and enforce the Consent Decree to allow for more oversight of the funds. The matter is still pending under Case No. 96 C 6949.

B. **NOTABLE INVESTIGATIVE SUPPORT / REFERRALS**

**CHA Health Partnership Initiative**

In collaboration with CHA’s Resident Services Department, the OIG reviewed health partnership applications in 2020 utilizing open source information. No derogatory information was identified in the 17 applications the OIG reviewed. The OIG continued to review partnerships on an ad-hoc basis and ensured activities provided by health partners were in the best interests of the CHA and its residents.

C. **ADVISORIES**

The OIG issued two advisory reports in 2020. The OIG issued advisories when systemic or high-risk conditions were identified by the OIG during the course of audits, data analytics and/or investigations. Once the advisory was issued to CEO Tracey Scott, internal stakeholders were identified to address the concern raised in the advisory.

D. **AUDITS AND REVIEWS**

The OIG did not close any audits during the 2020 reporting period and had not received CHA management’s response to the following five audits: Emergency Contract at Lake Parc Place Audit; CPD Intergovernmental Agreement Audit; HCV Inspections Audit; Audit of PPM Tenant Accounts Receivable; and Follow Up Fleet Audit.

E. **2021 OIG PRELIMINARY AUDIT PLAN**

The OIG audit plan is subject to change based upon OIG observations, requests by CHA management, and any other emergent issue that requires the OIG to respond in a timely review. The following is a list of audits that were in progress and were projected to be completed in 2021.

F. **ANALYTICS**

The following are significant data analysis projects conducted in 2020:

**Registered Sex Offender List Analysis**

On a quarterly basis, and pursuant to the *Quality Housing and Work Responsibility Act of 1998 (Section 578)*, which became effective on 6/5/2001, the OIG identified the number of lifetime registered sex offenders (offenders) who listed a Public Housing or HCV address on the sex offender registry.

To date, the OIG identified 106 offenders who listed a Public Housing or HCV address on the registry. The CHA participant living at an address which was listed on the registry rarely listed the offender as a household member, indicating the participant was either unaware their address was listed on the registry; or, they were unaware they had unauthorized occupants living in their unit. Regardless, once an offender is identified as having a Public Housing or HCV address, CHA will notify the respective tenant and require them to submit documentation stating that the offender does not reside in the CHA unit. They must also take steps to remove the CHA address from the sex offender registry. Of the 106 offenders identified since beginning of this analysis in 2017, over 58% (62 out of 106) have removed the CHA address from the registry. As shown in the chart below, eight participants have been terminated from the HCV Program, which has resulted in a total of approximately $210,719 in HAP overpayments.

The following is a summary of administrative actions taken as a result of being identified:

In 2021, the OIG will continue work on the Registered Sex Offender List Analysis on a quarterly basis with internal stakeholders.
**HAP Overpayments**

The OIG identified approximately $170,000 of Housing Assistance Payments (HAP) to HCV landlords after participants vacated their respective rental units. The OIG issued a memorandum to HCV management with recommendations to further reduce residual risks of HAP overpayments.

**HUD Enterprise Income Verification System Deceased Tenant Report**

The OIG identified 57 deceased tenants residing in a Public Housing or Mixed-Finance property, for which CHA had not taken necessary corrective action within HUD’s required timeframe. The OIG issued a memorandum to the Property Office to ensure unoccupied units are prepared for occupancy and made available for the next eligible family, as well as to ensure CHA is not subject to a monetary penalty as determined by HUD.

**VII. INTERNAL OPERATIONS**

**A. OIG STAFF AND CREDENTIALS**

The OIG staff is comprised of investigators, auditors, and analysts with deep institutional knowledge, as well as subject matter experts in areas of OIG Audits and Analytics.
