## To our Board of Commissioners, Residents and Community Partners:

I am pleased to submit the 2021 Comprehensive Annual Financial Report (CAFR) of the Chicago Housing Authority (CHA). This report, which provides a detailed accounting of CHA's finances, reflects CHA's role as a leading provider of affordable housing and our commitment to creating greater housing opportunities for Chicago's low-income families and seniors.

As you can see from the report, CHA's budget is balanced and our overall fiscal position is solid. While CHA, like every organization, faced tremendous challenges over the past two years, we used this time as an opportunity to reconsider how we do business, and to improve our delivery of services to the families we serve. 2021 highlights include:

- We delivered more than 650 new mixed-income units, including 226 units for CHA seniors and families. An additional 510 units are under construction at 508 Pershing and Southbridge.
- We demonstrated our commitment to preserving public housing, closing on major projects at Edith Spurlock Sampson/Sheffield, a combined renovation and new construction development in Lincoln Park, and the next phase of Lathrop Homes renovation.
- We provided more than 1,600 youth ages 16-24 with summer employment, collectively earning over $\$ 2$ million.
- We celebrated the $700^{\text {th }}$ closing under the Choose to Own (CTO) homeownership program and 55 CHA residents and Housing Choice Voucher (HCV) participants became new homeowners in 2021.
- We entered into new Professional Property Management contracts and improved our monitoring of these contracts using asset management best practices.
- We launched the Workforce Opportunities Resource Center (WORC) to assist Section 3 businesses and residents seeking career paths.
- We partnered with Chicago's Continuum of Care to make 1,165 Emergency Housing Vouchers available to people who are experiencing homelessness or are victims of human trafficking or domestic violence.
- We did our part to keep our staff and families we serve safe. Over 3,000 residents and staff received vaccines at clinics held at CHA properties. Over 1.5 million wellness checks of seniors were performed.

Our continued fiscal stewardship is demonstrated by the strong bond ratings and stable outlooks received from two rating agencies - Fitch Ratings and Standard \& Poor's.

In 2022, CHA is committed to continuing to Make the Difference in the lives of our residents and participants and their communities. Our agency's success is only possible with the full support of our Board of Commissioners, the dedication of CHA team members and resident leaders, and the contributions of our public and private sector partners.

The Board of Commissioners
Chicago Housing Authority
Chicago, Illinois

The U. S. Department of Housing and Urban Development's (HUD) Real Estate Assessment Center (REAC) requires public housing authorities to publish annually a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Annual Comprehensive Financial Report (ACFR) of the Chicago Housing Authority (the Authority) for the year ended December 31, 2021 as audited by Ernst \& Young, LLP.

This report consists of management's representations concerning the finances of the Authority. Management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide for a reasonable basis for making these representations, management of the Authority has established a comprehensive internal control framework that is designed to protect its assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the Authority's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Authority's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Authority's 2021 financial statements have been audited by Ernst \& Young LLP, a firm of licensed certified public accountants. The purpose of the independent audit is to provide reasonable assurance that the financial statements of the Authority for the fiscal year ended December 31, 2021 are free of any material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation.

The independent auditors issued an unmodified opinion on the Authority's financial statements for the fiscal year ended December 31, 2021. The independent auditors' report is presented as the first component of the financial section of this report. The independent audit of the financial statements of the Authority is a component of a federally mandated "Uniform Guidance Audit," which is designed to meet the special needs of federal grantor
agencies. The standards governing Single Audit engagements require an independent auditor to report on the fair presentation of the financial statements. In addition, special emphasis is placed on internal controls, legal requirements, and compliance associated with the administration of federal awards. The Authority's Single Audit Report is available under separate cover.

The CAFR includes the HUD-required Financial Data Schedule (FDS) created to standardize financial information reported by Public Housing Authorities (PHAs). HUD REAC requires that Public Housing Authority accounting information be reported in accordance with GAAP, using either governmental or enterprise fund accounting. REAC analyzes the FDS to assess the financial condition, viability, and effectiveness of overall resource management of PHAs compared to industry peers. The FDS discloses federal, state, and locally funded activities reported to HUD. These activities are the basis of the Authority's enterprise fund program schedules, which are combined in the basic financial statements.

The Government Accounting Standards Board (GASB) requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD\&A). This letter of transmittal should be read in conjunction with the MD\&A. The Authority's MD\&A can be found immediately following the report of the independent auditors.

## Profile of the Authority

The City of Chicago (the City) established the Authority in 1937 as a municipal corporation. The Authority was created and organized under the laws of the State of Illinois for purposes of engaging in the development, acquisition, leasing, operation, and administration of rental housing assistance with funds provided through HUD and other federally assisted programs. The Authority's housing portfolio assets and its residents are situated throughout the City. The governing body of the Authority is composed of a Chairperson and a Board of Commissioners appointed by the Mayor of the City of Chicago. The Authority is not considered a component unit of the City.

Today, as the second largest public housing authority in the country, the Authority serves more than 66,218 households under the public housing and Housing Choice Voucher programs. Current public housing and voucher waitlist counts show the continuing need for public housing. This need was reflected in the results of the Authority's waitlist that remains partially open, where more than 204,863 households registered for affordable housing.

The Authority participates in HUD's Moving to Work (MTW) Program. The MTW Program provides participating public housing agencies the "opportunity to design and test innovative housing and self-sufficiency strategies for low-income families" by giving the agencies flexibility to use its funds to create local programs and to waive substantial portions of the United States Housing Act of 1937.

Among the highlights:

- CHA delivered more than 650 new mixed-income units, including 226 units for CHA seniors and families. An additional 510 units are under construction.
- CHA closed on major projects at Edith Spurlock Sampson/Sheffield at Lincoln Park and the next phase of Lathrop, both projects that demonstrate our commitment to preserving public housing.
- More than 1,600 CHA youth ages 16-24 had summer employment through the agency, collectively earning over $\$ 2$ million.
- 55 CHA residents and Housing Choice Voucher (HCV) participants became new homeowners in 2021, and the Choose To Own (CTO) homeownership program closed on its $700^{\text {th }}$ property.
- CHA entered into new Professional Property Management contracts and improved our monitoring of these contracts using asset management best practices.
- CHA launched the Workforce Opportunities Resource Center (WORC) to assist Section 3 businesses and residents seeking career paths.
- CHA partnered with Chicago's Continuum of Care to make more than 1,100 Emergency Housing Vouchers available to people who are experiencing homelessness or are at risk of homelessness.
- More than 3,000 residents and staff received vaccines at clinics held at CHA properties. Over 1.5 million wellness checks of seniors were performed.

## Relevant Financial Policies

The Authority's basic financial statements include a single enterprise fund combining the financial position, changes in net assets, and cash flows of the Authority. Supplemental enterprise information includes combining program schedules of financial position, changes in net assets, and cash flows for the following programs:

Low Rent Housing Program<br>Housing Choice Voucher (Section 8) Programs<br>Rental Assistance Demonstration Program<br>Other Grant Programs<br>Business Activities

The Authority has implemented project-based accounting, which provides the basic framework for compliance in reporting in connection with the HUD asset management model. Project-based accounting also provides the Authority with the ability to track key financial and operational performance indicators at the project level.

The Authority is required by HUD to adopt annual, appropriated operating budgets for its Enterprise Fund programs which receive federal funding. The Authority prepares an annual operating budget, including capital spending, that is reviewed and approved by the Authority's Board of Commissioners.

All operating annual appropriations lapse at fiscal year-end. Spending plans related to multiyear capital improvement appropriations are also created for accounting and monitoring purposes.

For a description of the Authority's programs, refer to Note 1 of the basic financial statements. For further analysis, we have presented financial schedules for the programs individually, which can be found following the Notes to the Basic Financial Statements. In addition to the enterprise fund financial statements, separate statements are presented for the Pension Trust Fund, the Authority's defined benefit pension plan.

## Economic Conditions

What CHA accomplishes next year largely depends on the economic outlook that is not immune to recent inflationary trends and other economic factors. In addition to price hikes, labor rates that are projected to rise and remedial measures from federal bank in form of interest rate increases will significantly impact the Authority's operating and capital expenditures. According to the Congressional Budget Office ( CBO ), elevated inflation and unemployment rates will persist for the remainder of 2022 as both strong market demand and disruptions to supply in product and labor markets continue to add upward pressure on many prices and wages. The CBO predicts the growth of economic output to slow in 2023 as financial conditions tighten and fiscal support through accommodative monetary policies wane, including federal interest rate hikes. After 2023, CBO's economic outlook projects tightening monetary policy and several other factors, such as a decline in energy prices and the decrease of supply disruptions, which will combine to ease the growth of demand, slow output growth and further reduce inflationary pressures.

Local market conditions significantly impact CHA operations. Inflation in the Chicago metro area was $6.6 \%$ in 2021 and $0.9 \%$ in 2020. The Bureau of Labor statistics shows unemployment in the Chicago metropolitan area decreased to $4.2 \%$ at December 31, 2021, compared to $8.7 \%$ as of December 31, 2020. The Chicago unemployment rate was modestly higher compared to the national unemployment rates of $3.9 \%$ and $6.7 \%$ for the same periods, respectively.

## Long-Term Financial Planning

The Authority's Public Housing and Housing Choice Voucher Program revenues are derived from congressional housing legislation and federal government appropriations. The extension of the Authority's MTW agency status by Consolidated Appropriations Act of 2016 until the end of their fiscal year 2028 and approved increased to block grant vouchers, provides added flexibility in operating as Single Fund. As we look forward to 2022 and beyond, we expect current appropriation levels will not be affected as Congress and the Federal Reserve aims to continue to stimulate the economy and reduce inflationary pressures.

## Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Authority for its ACFR for the year ended December 31, 2020. This is the 24th consecutive year the Authority has received this award. In order to be awarded a government entity must publish an easily readable and efficiently organized comprehensive, annual financial report that satisfies both generally accepted accounting principles and applicable legal requirements.

We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements and we are submitting to the GFOA to determine its eligibility for another certificate.

The Authority also received its 20th consecutive GFOA Distinguished Budget Presentation Award for its 2020 budget. Both the Certificate of Achievement and the Distinguished Budget awards are prestigious national recognition of conformance with the highest standards for preparation of state and local government financial reports.

The preparation of the ACFR was accomplished through the dedicated service of the entire staff of the Finance Division with contributions by other departments within the Authority. Each contributor has our sincere appreciation for their work in the preparation of this document.

Respectfully submitted,
Michael Moran, CPA

## Report on the Audit of the Financial Statements

## Opinions

We have audited the accompanying basic financial statements of the business-type activities (Enterprise Fund) and the aggregate remaining fund information of the Chicago Housing Authority, as of and for the years ended December 31, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Chicago Housing Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the Enterprise Fund and the aggregate remaining fund information of the Chicago Housing Authority at December 31, 2021 and 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Chicago Housing Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.
We did not audit the financial statements of the Chicago Housing Authority Employee's Retirement Plan, which is shown as the Fiduciary Fund Type - Pension Trust Fund (the Pension Trust Fund) as of and for the years ended December 31, 2021 and 2020. We also did not audit the financial statements of the Britton Budd, Fannie Emanuel, Kenmore and Pomeroy Senior Housing Limited Liability Partnerships, or Caroline Hedger Housing Development, Patrick Sullivan Senior Housing, and Sheffield Holdings Limited Liability Companies, which are described in Note 9 as blended component units, as of and for the periods ended December 31, 2021 and 2020, which represent $14.58 \%$ and $9.34 \%$ of the assets and $15.92 \%$ and $15.94 \%$ of operating revenues of the Enterprise Fund as of December 31, 2021 and 2020, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for these entities are based solely on the reports of the other auditors.

## Adoption of GASB 87, Leases

As discussed in Note 15 to the basic financial statements, in 2020 the Chicago Housing Authority adopted new accounting guidance relating to leases as a result of the adoption of GASB 87, Leases. Our opinion is not modified with respect to this matter.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Chicago Housing Authority's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Chicago Housing Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Chicago Housing Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, Schedule of Changes in Plan's Net Pension Liability and Related Ratios, and Schedule of Employer Plan Contributions on pages 98 and 99 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Chicago Housing Authority's basic financial statements. The accompanying combining schedule of programs on pages 102 through 106, individual program schedules on pages 108 through 128 and Financial Data Schedules on pages 130 through 257 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis of the Authority's performance for the years ended December 31, 2021 and 2020, is prepared as a supplement to the accompanying year-end financial statements. We respectfully request readers consider the information presented here in conjunction with additional information furnished in our transmittal letter. (Pages 11-15)

## FINANCIAL HIGHLIGHTS

## $\underline{2021}$

- The assets and deferred outflows of the Authority exceeded its liabilities and deferred inflows by $\$ 1.9$ billion (net position). Of this amount, $\$ 909.6$ million (unrestricted net position) is available to meet ongoing obligations to residents and creditors; $\$ 58.8$ million is restricted for Blended Component Units and Demolition Grants (restricted net position) and $\$ 908.0$ million is net investment in capital assets.
- Total net position of the Authority decreased $\$ 21.2$ million as compared to December 31, 2020. The decrease is comprised of $\$ 47.8$ million net operating and non-operating loss offset by capital contributions of $\$ 26.6$ million.
- The Authority financed, as the lender, several privately-owned, $3^{\text {rd }}$ party RAD properties, namely, Ravenswood Senior Living, John Pennycuff, Southbridge and 630 North Emmett properties totaling $\$ 26.8$ million. The Authority has added 109 units of supportive housing in these developments and continues to fund the creation of affordable housing.
- Current year construction in progress additions of $\$ 84.2$ million primarily for rehabilitation and revitalization work performed at Scatter Sites Northwest, Las Americas, Lathrop, Lorraine Hansberry, Southbridge, Oakwood Shores 2B resulting in additional housing units.
- The Authority utilized advanced Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") Housing Choice Administrative fee and Housing Assistance funding of $\$ 15.3$ million and reimbursable Public Housing Operation Funds in the amount of \$2.5 million for eligible Operating and Capital Fund activities.
- The American Rescue Plan Act ("ARP Act") was enacted in response to the COVID-19 pandemic. The Authority received Emergency Housing Vouchers (EHV) funding of approximately $\$ 8.7$ million to assist individuals and families who are either experiencing homelessness or are at a high risk of housing instability. Vouchers began to be issued at the end of 2021 continuing through 2022 with a total of 1,165 vouchers to be issued.
- The public housing units at Edith Spurlock Sampson were converted to the Rental Assistance Demonstration ("RAD") Program. Sheffield Holdings LLC was formed to secure $3^{\text {rd }}$ party financing for the development (see Note 8). The redevelopment of Edith Spurlock Sampson includes a new building that will result in 50 project-based voucher, 10 affordable and 20 market rate units and the rehabilitation of two existing buildings that

## CHICAGO HOUSING AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

will add an additional 11 senior units to the existing 394, creating more affordable housing opportunities in the community.

## 2020

Total assets were $\$ 1.9$ billion greater than total liabilities (net position). Net investment in capital assets was $\$ 1.0$ billion. Restricted net assets of $\$ 59.0$ million was consistent with the prior year. Unrestricted net position increased $\$ 76.8$ million to $\$ 858.8$ million. The decrease in Net Position of $\$ 15.2$ million is mainly due to capital contributions of $\$ 49.5$ million offset by a net operating and non-operating loss of $\$ 64.7$ million.

## OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

The Authority's basic financial statements consist of the following: (1) Fund Financial Statements, and (2) Notes to the Basic Financial Statements. This report also contains Required Supplementary Information (Schedule of Changes in Plan's Net Pension Liability and Related Ratios and Schedule of Plan Contributions), Supplementary Information, (Enterprise Fund, Specific Programs, Financial Data Schedule), and Statistical Information.

Fund Financial Statements are groupings of accounts used to maintain control over resources segregated for specific activities or objectives. The Authority, like other state, local, or quasi-governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Authority's funds include a Proprietary Fund Type and a Fiduciary Fund Type.

The Authority's Proprietary Fund Type is comprised of a single enterprise fund with business-type activities intended to recover all or a portion of their costs through fees and charges for services. Since the Authority maintains its activities as a single enterprise fund, its Proprietary Fund financial statements provide information about the activities of the Authority as a whole.

The Statements of Net Position present information on the Authority's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as useful indicators as to whether the Authority's financial health is improving or deteriorating.

The Statements of Revenues, Expenses, and Changes in Net Position present information showing how the Authority's net position changed during the fiscal year. The Authority reports all changes in net position as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The Statements of Cash Flows report how the Authority's cash and cash equivalents were used in and provided by its operating, non-capital financing, capital and related financing, and investing activities during the periods reported. Added to beginning-year cash balances, the net of these activities reconciles to the cash and cash equivalent balances at December 31, 2021 and 2020. These statements are prepared on a cash basis and present cash receipt

and disbursement information. The Authority uses the direct method of presenting cash flows, which includes a reconciliation of net cash used by operating activities to operating loss.

Fiduciary Fund Type. The Authority's Fiduciary Fund Type is comprised of a pension trust fund that accounts for resources held for the benefit of employees and retirees of the Authority. The Statements of Fiduciary Net Position and Statements of Changes in Fiduciary Net Position present financial information about pension trust activities for which the Authority acts solely as an agent for the benefit of its employees and retirees. Fiduciary activities do not include Authority-wide measures of operational accountability, because fiduciary resources do not support the Authority's enterprise fund programs.

Notes to the Basic Financial Statements. These financial statement disclosures are an integral part of the financial statements. Such disclosures are essential to a full understanding of the information provided in the fund financial statements. The notes are located on pages 47 through 96.

Other Information. In addition to the fund financial statements and the notes, this report presents certain Required Supplementary Information concerning the changes in the Authority's net pension plan liability and contributions to the plan. The required supplementary information is on pages 98 and 100 of this report.

Supplementary Information. This report includes supplementary combining and individual program schedules that present the Authority's enterprise fund financial statements in more detail by providing information on its housing and client-service program activities. In addition, HUD-developed and required Financial Data Schedule (FDS) is included. The FDS is a reporting format used to disclose to HUD the Authority's activities at the property and program level. The FDS begins on page 130.

Statistical Information. A statistical section provides information on the Authority's financial trends, revenue capacity, debt capacity, demographic and economic information and operating information. The statistical information begins on pages 262 through 276.

## FINANCIAL ANALYSIS

In the financial analysis in the pages that follow, the Authority adopted GASB 87, Leases, as of January 1, 2020 and restated December 31, 2020 and the year then ended. The Statement requires the recognition of lease assets and liabilities for leases that previously were classified as operating leases. The Authority, as a lessee is required to recognize a lease liability and an intangible right to-use lease asset. The impact of the adoption was to increase the right-to-use assets by $\$ 195 \mathrm{M}$ with corresponding increases to lease liabilities of $\$ 167 \mathrm{M}$ and net investment in capital assets of $\$ 28 \mathrm{M}$ resulting from cumulative depreciation adjustment. Also, in 2021, the Authority determined that the minority equity interest of blended Tax Credit Limited Partnerships should be reported as Restricted Net Position in the financial statements of the Authority. Previously, the Authority reported $\$ 51 \mathrm{M}$ equity of these entities as part of Other Non-Current Liabilities. See Note 15 for details. The 2020 financial statement impact has been summarized in Note 15 of these financial statements. For comparative purposes in the Management's Discussion and Analysis, the

## 2021

- $48.4 \%$ of the Authority's net position is in "net investment in capital assets." The Authority's capital assets are mainly comprised of housing portfolio assets operated and maintained to provide housing to low-income residents. Net invested in capital assets typically decrease each year as the increase in accumulated depreciation exceeds new additions.

## CHICAGO HOUSING AUTHORITY <br> MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED) <br> DECEMBER 31, 2021

- $3.1 \%$ of the Authority's net position is subject to external restrictions on their use, stipulated by the resource providers.
- The remaining balance, unrestricted net position ( $48.5 \%$ ), represents the residual component of net position that is available to support Authority obligations. Unrestricted net position does not represent a "reserve" balance available to the Authority.
- Unrestricted net position includes illiquid amounts of $\$ 700.0$ million of long-term notes receivable (typically payable to the Authority in 40 years).

## $\underline{2020}$

Net investment in capital assets decreased $\$ 93.3$ million (8.9\%) as current year capital asset depreciation exceeded capital construction activity and loans to private developers for mixed-income communities that include low-income units for Authority residents. Restricted net position remained consistent compared to the prior year. Unrestricted net position (47.2\%) increased $\$ 76.8$ million ( $9.8 \%$ ).

## $\underline{2021}$

- Operating revenues increased $\$ 8.3$ million ( $7.3 \%$ ) from the prior year mainly due to administrative fees earned on administered port-in Housing Choice Vouchers which increased by 414 in 2021.
- Operating expenses decreased $\$ 5.1$ million ( $1.2 \%$ ) from the prior year. The principal contributor related to a decrease in tenant service expenses as there were reduced resident activities and events due to the COVID-19 pandemic and general liability selfinsurance claims.
- Total nonoperating revenue increased $\$ 28.1$ million ( $3.4 \%$ ) from the prior year. The increase is driven primarily by an increase in Section 8 per unit cost along with Block Grant funding for program administration and resident service expenses offset by unrealized losses on investments held resulting from mark to market adjustments.
- Total nonoperating expenses increased $\$ 24.5$ million ( $4.3 \%$ ) from the prior year. The increase is mainly due to an increase in HAP payments for RAD units.

## CHICAGO HOUSING AUTHORITY <br> MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED) <br> DECEMBER 31, 2021

## 2020 As Restated (Note 15)

Operating revenues increased $\$ 0.2$ million ( $0.2 \%$ ) from the prior year. Operating losses decreased $\$ 9.4$ million compared to the prior year, as total operating expenses decreased $\$ 9.3$ million ( $2.2 \%$ ) primarily for decrease in tenant service expenses due to the COVID-19 pandemic. Total net nonoperating revenues increased $\$ 15.6$ million ( $1.9 \%$ ), primarily driven by an increase in Section 8 voucher count and CARES Act funding. Nonoperating expenses increased $\$ 28.3$ million mainly due to an increase in current year HCV voucher utilization and CARES Act spending.

| Change in Net Position | \$ | (21,220,634) | \$ | (15,243,785) | \$ | (10,371,616) |

## 2021

The decrease in net position of $\$ 21.2$ million is due to a decrease in capital contribution revenues from capital fund grants resulting from reduced capital activity, offset by a decrease in overall operating expenses. Net nonoperating revenues increased primarily for earned EHV funding.

## 2020

The change in net position of $\$ 15.2$ million is due to a decrease in net nonoperating revenues primarily due to a decrease in MTW Block Grant and capital grant revenues. These were offset by lower tenant services, protective services, and depreciation expenses.

## Program Activities

The following table shows Enterprise Fund program revenues and expenses on a gross basis. Operating and nonoperating revenues are included in total revenues and operating and nonoperating expenses are included in total expenses.

## Program Revenues

## 2021

Net program revenues increased $\$ 13.5$ million (1.4\%). Current year increases primarily related to increased Section 8 voucher count and contracted funding which included EHV receipts, utilization of advanced HCV CARES Act funding, housing assistance payment portin and increased reimbursable soft cost capital activities totaling $\$ 46.9$ million. These increases were offset primarily by decreases in capital contributions of $\$ 22.9$ million for reduced capital activities and unrealized losses on investments held resulting from mark to market adjustments $\$ 8.9$ million.

## $\underline{2020}$

Net program revenues increased $\$ 14.2$ million (1.5\%). It is primarily due to the increase in HCV subsidy and HCV administrative fees earned $\$ 34.8$ million mostly for HCV funding offset by a decrease in operating subsidy and grants of $\$ 11.5$ million for reimbursable capital soft cost revenue, capital contribution $\$ 1.6$ million, rent and operating revenue $\$ 1.1$ million and investment and other of $\$ 6.4$ million mainly for investment income earned on proceeds from the 2018 Series A and Series B bond issuance.

## CHICAGO HOUSING AUTHORITY <br> MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED) <br> DECEMBER 31, 2021

## Program Expenses

## 2021

Program expenses increased $\$ 19.5$ million (2.0\%), primarily due to increases totaling $\$ 16.9$ million in HAP payments and utilization of CARES Act funding for HCV.

## 2020 As Restated (Note 15)

Program expenses increased $\$ 19.1$ million ( $2.0 \%$ ), which is primarily due to increases totaling $\$ 40.9$ million in HAP payments and RAD program expenses offset by decreases totaling \$21.8 million in Low Rent Housing, HCV administrative, Grants and Other Sources and interest and other.

- HAP payments and RAD program expense change of $\$ 40.9$ million relates to cumulative increases in HAP payments and RAD protective services, maintenance cost and general expenses.
- Low Rent Housing, HCV administrative, Grants and Other Sources and interest and other decreased $\$ 21.8$ million primarily for Low Rent maintenance and depreciation for fully depreciated capital assets, HCV administrative cost and Grants and Other Sources mainly for tenant services and interest and other for 2018 Series A and Series B bond interest expense.

## Liquidity

The Authority's working capital is the difference between its current assets and current liabilities and represents the amount of net current resources available for use in the course of ongoing business activities. The current ratio reflects the relationship of these classifications and is a measure of the Authority's ability to pay short-term obligations.

Working Capital and Current Ratio
$\left.\begin{array}{llllllllll}\hline & & & & & & \begin{array}{c}\text { As Restated } \\ \text { (Note 15) }\end{array} & & & \\ \text { As Adjusted }\end{array}\right)$

## 2021

Working capital increased $\$ 9.0$ million from the prior year primarily due to unspent proceeds from long term debt to be used for current capital activity combined with increased shortterm liabilities for capital related projects and accrued property expenses. Current assets increased by $\$ 40.9$ million combined with an increase in current liabilities of $\$ 31.9$ million.

- The increase in current assets was primarily due to net increases in current cash and investments of $\$ 36.2$ million primarily related to proceeds from long term debt to be used for re-development of Edith Spurlock Sampson, combined with CARES HCV administrative fee receipts.
- The increase in current liabilities of $\$ 31.9$ million was primarily due to year-end accrued expenses for major unit turns and capital maintenance projects at several properties, in an effort to lease more units as well as accruals for special policing services by the Chicago police department security program. The Authority is improving occupancy levels and allocating resources toward resident safety.

The Authority continues to maintain its strong short-term financial standing.

## 2020 As Restated (Note 15)

Working capital increased $\$ 95.7$ million from the prior year primarily due to proceeds from and receivables from CARES Act funding and Capital Fund grants, and from long-term debt to be used for current capital activity. Current assets increased by $\$ 72.0$ million combined with a decrease in current liabilities of $\$ 23.7$ million. Current ratio of $2.30: 1$ increased 0.64:1 from the prior year. The increase change in current ratio enhances the Authority's ability to pay short-term obligations.

## $\underline{2021}$

At December 31, 2021, the Authority's total outstanding debt was $\$ 449.6$ million. The balance increased $\$ 38.7$ million from prior year due primarily related to 2021 loan proceeds of $\$ 54.6$ million for Sheffield Seniors LLC with the Illinois Housing Development Authority. This increase was offset by 2018 Series AB bond and Build America bond principal payments totaling $\$ 14.0$ million, and other debt repayments of $\$ 1.9$ million. The Sheffield loan is an example of the Authority use of third-party financing to improve its existing properties and add affordable housing units for seniors and families. Refer to Note 8 of the basic financial statements for more detailed information.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## A. Organization and Program Descriptions

The Chicago Housing Authority (Authority) is a municipal corporation, established by the City of Chicago ("the City") in 1937. The Authority engages in the development, acquisition, leasing, operation, and administration of housing assistance with funds provided through the U.S. Department of Housing and Urban Development's ("HUD") Low Rent Housing Program, Housing Choice Voucher and other federal programs. The governing body of the Authority consists of a Chairperson and a Board of Commissioners ("the Board"), appointed by the Mayor of the City of Chicago. The Authority is not considered a component unit of the City.

Housing Portfolio. The Authority is the owner of housing units located throughout the City. Private Property Management firms are responsible for property level management of the Authority's entire portfolio.

The Authority's assets, liabilities, net position, and changes in net position are included in its enterprise fund and are segregated by program activity as follows:

Low Rent Housing Program. The Low Rent Housing Program is designed to provide subsidized housing to low-income residents. Under the Low Rent Housing Program, the Authority owns public housing units located throughout the city for which the Authority receives dwelling rental income from tenants as well as an operating subsidy provided by HUD. Total operating revenues generated from this program amounted to $\$ 39.1$ million and $\$ 43.4$ million for the years ended December 31, 2021 and 2020, respectively.

Capital grants, funded by HUD, are used for demolition, new construction, rehabilitation of existing structures, and management and operation of existing public housing.

Housing Choice Voucher (Section 8) Programs. The Authority administers the leasing of privately-owned units throughout the City through these programs. These voucher-based programs establish partnerships between the Authority and private housing providers across the city. Annual contribution contracts with HUD provide authorization to fund the Housing Choice Voucher, which includes project-based vouchers (PBV) and Moderate Rehabilitation programs. Each contract is represented by a separate "fund," or accounting entity, to account for assets, liabilities, revenues, and expenses. The Authority earns administrative fees (revenue) from HUD for facilitating and managing the public/private housing partnership. Total operating revenues generated from this program amounted to $\$ 66.7$ million and $\$ 56.9$ million for the years ended December 31, 2021 and 2020, respectively. The financial schedules in this Annual Comprehensive Financial Report for the Housing Choice Voucher (Section 8) programs combine the financial position, results of operations, and cash flows of the Housing Choice Voucher and Moderate Rehabilitation Programs.

Rental Assistance Demonstration Program. The Rental Assistance Demonstration Program ("RAD") provides the Authority with the opportunity to utilize PBV, a component of the Housing Choice Voucher Program, for properties that were previously subsidized under Low Rent Housing. The goal of RAD is to use long term contracts to leverage private capital, maintain affordability and preserve low income housing. Under the RAD program, the properties will receive contract rents under Housing Assistance Payment (HAP) contracts. The Authority through several instrumentalities owns and operates several properties. Total operating revenues generated from this program amounted to $\$ 12.4$ million and $\$ 12.8$ million for the years ended December 31, 2021 and 2020, respectively.

Business Activities Program. Authority's financing and investment initiatives, owned and operated properties that are not part of Low Rent Housing or RAD for low income residents. Total operating revenues generated from this program amounted to $\$ 0.5$ million and $\$ 1.8$ million for the years ended December 31, 2021 and 2020, respectively.

Grants and Other Sources. These are ancillary sources of income, including grants, that primarily provide funding for programs and services to residents. These programs principally include: The ROSS service grants provided by HUD, vendor payments to the Section 3 program, rooftop rental fees and other non-HUD government grant revenues. Total operating revenues generated from other grant programs amounted to $\$ 3.6$ million and $\$ 2.8$ million for the years ended December 2021 and 2020, respectively.

## B. Reporting Entity

The reporting entity for the Authority includes its Enterprise and Pension Trust Funds.The Authority's financial statement presentation includes the Chicago Housing Authority Employees' Retirement Plan and Trust (Trust). Effective January 1, 2018. The Trust covers certain employees of the Chicago Metropolitan Housing Development Corporation ("CMHDC"). A seven-member board appointed by the Authority ("the Trust Board") governs the Trust. The Trust's administrator prepares separate financial statements that are available at the Trust's administrative offices at 60 East Van Buren 11th Floor, Chicago Illinois, 60605.

## C. Blended Component Units

## BLENDED LIMITED LIABILITY PARTNERSHIPS (the LLPS)

The Authority also holds a General Partner membership interest in Limited Liability Partnerships formed to acquire, rehabilitate and manage certain mixed finance affordable housing senior developments (Britton Budd, Kenmore, Pomeroy, and Fannie Emanuel). As the General Partner of the Limited Liability Partnerships, the Authority has certain responsibilities and obligations under the partnership, regulatory and operating agreements to (1) manage the operations of the property by selection of property managers (2) serve as developer for the rehabilitation work of the developments; (3) provide operating and capital subsidies; and (4) provide operating deficit and completion guarantees. The Authority includes these entities

above as blended component units in its Basic Financial Statements as; (1) the Authority and these entities have financial benefit and burden relationships and (2) the Authority has operational responsibility for activities of these entities. Separately issued financial statements may be obtained from Bruce Schiff, Partner, Rubin Brown @773.777.4445 or email at bruce.schiff@rubinbrown.com.

## BLENDED LIMITED LIABILITY COMPANIES (the LLCS)

The Chicago Housing Administration, LLC ("CHA, LLC") was formed for administering properties under HUD's RAD program. The Authority is the sole member, and as such, bears all the rights and obligations of CHA, LLC.

Caroline Hedger Housing Development, LLC ("CHHD LLC"), was formed through CHA LLC, for the purpose of securing 3rd party financing for the modernization of Caroline Hedger Apartments. The CHA LLC is the managing member of CHHD LLC.

Patrick Sullivan Senior Housing, LLC ("PSSH LLC"), was formed for the purpose of securing $3^{\text {rd }}$ party financing for the recapitalization of Patrick Sullivan Apartments under HUD's RAD program. The Authority is the sole member of PSSH LLC.

6438 Sheridan Housing, LLC was formed for the purpose of acquiring a $16 \%$ interest of the property known as "Concord at Sheridan," an 111-unit multifamily apartment complex intended for rental to low-income households. The Authority is the sole member of 6438 Sheridan Housing, LLC.

During 2021, the Authority caused to be formed Sheffield Holdings LLC for the purpose of securing $3^{\text {rd }}$ party financing for the modernization of Edith Spurlock Sampson Apartments. Edith Spurlock Sampson Housing, LLC is the managing member of Sheffield Holdings LLC.

Forward Communities Development LLC (FCD) is a related, legally separate organization. FCD was organized for the acquisition and management of affordable and market rate real estate.

The Authority includes these entities above as blended component units in its Basic Financial Statements as; (1) the Authority and these entities have financial benefit and burden relationships and (2) the Authority has operational responsibility for activities of these entities. Separately issued financial statements for CHHD LLC, PSSH LLC and Sheffield Holdings LLC may be obtained from Bruce Schiff, Partner, Rubin Brown @773.777.4445 or email at bruce.schiff@rubinbrown.com.

## BLENDED NOT FOR PROFIT ENTITIES

Chicago Housing Consulting Services, Inc. (CHCS) is a related, legally separate, not-for-profit 501(c)(4) organization. CHCS was organized to undertake consultative, financing, development, resident services, and other revenue generating activities in a fee for service arrangement.

Springboard to Success (S2S) is a related, legally separate, not-for-profit organization. S2S was organized to fund and support programs and initiatives within the community with a focus on those that assist youn]ger Authority residents on a pathway to academic success, economic stability, and independence. The S2S is financed through a funding agreement with the Authority. In 2021 and 2020, the Authority provided $\$ 0.3$ million and $\$ 0.4$ million of funding, respectively, to the organization.

CHA Community Support Corporation (CCSC) is a related, legally separate, not-forprofit organization. CCSC was organized to fund and support the Altgeld Family Resource Center through a funding agreement with the Authority. The center includes an early childhood learning center, community meeting space and a public library was funded by loans with multiple Qualified Low-Income Community Investment loans under a New Market Tax Credit ("NMTC") agreement and included as part of the Authority's capital assets in the basic financial statements.

The Authority includes CHCS, S2S and CCSC as blended component units in its Basic Financial Statements as; (1) the Authority and these entities have financial benefit and burden relationships and (2) the Authority has operational responsibility for activities of these entities (3) the Authority is the sole coperorate member of each of these not-for-profit organizations.

## D. Fund Accounting

The accounts of the Authority are organized utilizing the Fund Accounting model. A fund is an independent fiscal accounting entity with a self-balancing set of accounts. The Authority maintains the following fund types:

Proprietary Fund. The Authority's operations are accounted for in a single Enterprise Fund. Enterprise Funds account for those operations financed and operated in a manner similar to private business or where the Authority has decided that determination of revenues earned, costs incurred, and net income is necessary for management accountability.

Fiduciary Fund. The Authority's Pension Trust Fund is used to account for the assets and liabilities of the Authority's retirement plan. The Trust is accounted for using the accrual basis of accounting. The Trust recognizes employer contributions in the period contributions are made. Benefits and refunds of the Trust are recognized when due and payable in accordance with the terms of the plan.

## E. Basis of Accounting and Measurement Focus

The basis of accounting for the funds used by the Authority is determined by measurement focus. The flow of economic resources measurement focus, and the accrual basis of accounting are used to account for the Authority's Enterprise and Pension Trust Funds. Under this method, revenues are recorded when earned and expenses are recorded when incurred. Assets and liabilities associated with the operation of these funds are included in the statements of net position.

## Recently Adopted Accounting Standards.

In 2021, the Authority adopted the following Government Accounting Standards Board Statements ("GASB"):

GASB Statement No. 87, ("GASB 87") Leases, was effective January 1, 2019. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The Statement requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Authority has adopted GASB 87 as of January 1, 2020 and has retroactively restated the comparative financial period presented in these basic financial statements (See Note 15).

GASB Statement No. 98, ("GASB 98), The Annual Comprehensive Financial Report, was issued October 2021. The objective of this Statement is to establish the term annual comprehensive financial report and its acronym ACFR. That new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments. This Statement was developed in response to concerns raised by stakeholders that the common pronunciation of the acronym for comprehensive annual financial report sounds like a profoundly objectionable racial slur. This Statement's introduction of the new term is founded on a commitment to promoting inclusiveness. The Authority has changed the terminology throughout its current annual financial report.

## Accounting Standards Issued but Not Yet Adopted

GASB Statement No. 96, ("GASB 96"), Subscription Based Information Technology Arrangements was effective March 1, 2020, The objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements ("SBITA"s) for governments. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended .The requirements of this Statement are effective for reporting periods beginning after June 15, 2022. The Authority has not yet implemented. The Authority is continuing its process of reviewing all potential SBITA's and the impact of implementation, which primarily affects the Statement of Net Position, could not be quantified at this time.

GASB Statement No. 99, ("GASB 99") Omnibus 2022, was issued May 2022. The objective of this Statement is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing
practice issues that have been identified during implementation and application of certain GASB statements, including GASB 96. The requirements of this Statement are effective for reporting periods beginning after June 15, 2022. As noted above, the Authority is still in the process of evaluating GASB 96 prior to adoption.

GASB Statement No. 100, ("GASB 100") Accounting Changes and Error Corrections, was issued June 2022. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for reporting periods beginning after June 15, 2022. The Authority is continuing its process of reviewing the impact of implementation, which may include additional supplemental information disclosures.

## F. Cash, Cash Equivalents and Investments

The Authority considers all securities, including certificates of deposit, money market and short-term investments, with original maturities of three months or less to be cash equivalents. Portions of the Authority's cash, cash equivalents, and investments are restricted by "use" limitations externally imposed by creditors, funding source agreements, or legislation. Restricted cash includes HUD Family Self-Sufficiency (FSS) escrow amounts for residents in the self-sufficiency program. Restricted cash and investments also include HUD demolition grants, tenant security deposits and amounts set aside for debt service in accordance with debt covenants. The Authority's investments are reported at fair value as determined in accordance with GASB 72, with changes in fair values reported as a component of non-operating revenues (expenses). Fair value of investments is determined based on either quoted market prices or observable market information described in Note 2.

## G. Transaction Flow Assumption

For expenses that are eligible for payment from either restricted or unrestricted resources, the Authority utilizes a combination of resources depending upon certain criteria at the time of each disbursement. The criteria include disbursement amount, expiration date of available resources, and the liquidity of each source as determined by the Authority's cash management and investment strategy.

## H. Note and Mortgage, Tenant, Intergovernmental, and Other Receivables

All account, note, and mortgage receivable (see Note 3) balances are reviewed periodically to determine whether they are collectible. Intergovernmental amounts are due from HUD and other federal agencies for current-year program operating and housing assistance subsidies earned but not received at year-end. These receivable amounts also contain unreimbursed capital costs. Other receivables represent amounts due from parties other than HUD or other federal agencies. Allowance account estimates are established for receivable amounts when collection is doubtful. As of December 31, 2021 and 2020, the allowance for tenant accounts receivable was $\$ 6.0$ million and $\$ 4.9$ million, respectively. These allowances were included as an

offset to tenant revenue on the statement of changes in net position. The Authority does not record allowances for the HUD Section 8 voucher program, as such balances are either settled annually or are the result of timing differences. The Authority determined that no allowance for Intergovernmental Receivables (HUD) was required as of December 31, 2021 and 2020.

## I. Prepaid Expenses and Other Noncurrent Assets

Prepaid expenses represent amounts paid in advance of the period in which it benefits. Prepaid expenses and other noncurrent assets consist primarily of prepaid rights to utilize programming slots within a community recreational center.

## J. Advances

Advances include funds provided to Private Managers as "advance reimbursements" for operating costs and are held by the Senior Housing Advisory Council and Section 3 program contractor loans.

## K. Capital Assets

The Authority capitalizes assets with a cost of more than $\$ 5,000$ and an estimated useful life greater than one year. Land, structures, and equipment are recorded in the Enterprise Fund program that acquires such assets, and any associated longterm liabilities are recorded in the corresponding fund that reimburses such activities. Capital assets are recorded at cost or at fair value at time of acquisition. Donated capital assets are reported at donor acquisition value. Charges for maintenance and repairs are expensed when incurred. Capital improvements that extend the useful life of assets are capitalized. Interest incurred during the construction phase is expensed as incurred. The Authority has historically not recorded interest on construction-in-progress due to its immateriality. Right-to-use assets require the lessee to recognize the asset value in an amount equal to initial value of the lease obligation. The right-to-use assets are amortized over the shorter of the lease term or useful life of the underlying asset. Depreciation of capital assets is computed using the straight-line method assuming the following useful lives:

## Useful Life (in Years)

40205510The Authority reviews depreciable lives of capital assets on a periodic basis and makes adjustments on a prospective basis to reflect a shorter useful life or a change in intent with respect to the asset. Upon retirement or other disposition of capital assets, the cost and related accumulated depreciation are removed from the program's accounts and any gain or loss, representing the difference between the
sale proceeds and net carrying value are included in the program's current-year operations. In 2021 and 2020, the Authority recorded a loss on disposition of assets of approximately $\$ 2.3$ million and $\$ 2.0$ million, respectively, which represents the net carrying value of the related assets.

The Authority classifies properties under grant specific development or rehabilitation as construction in progress until the related project is "substantially complete". The Authority deems a grant "substantially complete" when total grant expenditures equals ninety percent (90\%) or more of the total grant award or when the assets are ready for their intended use. Rehabilitation costs funded by Section 8 (MTW) programs or reserve funds are classified as construction in progress until the project is ready for its intended use.

Demolition. The Authority incurs substantial costs to demolish existing buildings and ready the demolition sites for the mixed financing-mixed income communities in which the Authority participates. All such costs are necessary to convey the land to private developers for redevelopment under ground leases. The Authority capitalizes demolition costs that result in construction from which it receives a future economic benefit.

Capital Asset Impairment. The Authority performs annual procedures to assess the condition of its capital assets and identify potential indicators of asset impairments. If an indicator of impairment is identified and the decline in service utility was unexpected and significant, an impairment loss is calculated in consideration of whether the capital asset will continue to be used by the Authority. An impairment loss is generally measured by identifying the historical cost of the service utility of the capital asset that cannot be used due to the impairment event or circumstance. Impaired capital assets that will no longer be used by the Authority are reported at the lower of carrying value or fair value or written off entirely. In 2021 and 2020, the Authority recorded a loss on capital asset impairment of approximately $\$ 2.3$ million and $\$ 2.0$ million, respectively.

## L. Accrued Liabilities, Unearned Revenue, and Other Current Liabilities

Accrued Liabilities. Accrued liabilities consist of amounts payable for utilities, protective services, construction contracts, services or goods provided by vendors and suppliers and pollution remediation obligations (See Note 10).

Unearned Revenue. Unearned revenue balances represent the receipt of HUD and other intergovernmental program funding applicable to future periods.

Other Current Liabilities. Other current liabilities consist primarily of contract retention amounts withheld from contractors' billings pending acceptance of work and accrued payment in lieu of taxes and rental assistance held on behalf of third parties (See Note 10).

## CHICAGO HOUSING AUTHORITY <br> NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED) <br> YEARS ENDED DECEMBER 31, 2021 AND 2020

## M. Accrued Compensated Absences

Vested or accumulated vacation leave is recorded as an expense of applicable enterprise fund programs as the benefits accrue.

## N. Lease Obligations

Lease obligations are measured at the present value of payments expected to be made over the lease term.

## O. Long-Term Debt and Net Unamortized Bond Premium

The Authority records revenue bond discounts and premium and amortizes such amounts over the lives of the bond issues using the effective interest rate method. The cost of debt issuance is expensed.

## P. Other Noncurrent Liabilities

The Authority's other noncurrent liabilities consist primarily of unearned revenue on mixed finance proceeds, unclaimed property and Section 3 program vendor deductions and pollution remediation obligations (See Note 10).

## Q. Deferred Compensation Plan

Employees are eligible to defer a portion of their salaries until future years under the Authority's Internal Revenue Code Section 457 Deferred Compensation Plan. The deferred compensation is not available to employees until separation, retirement, death, or unforeseeable emergency. Third-party administrators provide administrative services and maintain the investment portfolio of the plan. The plan's assets are in trust accounts with plan administrators for the exclusive benefit of participants and are not considered assets of the Authority. Accordingly, such assets and the corresponding liabilities to employees are not included in the Authority's financial statements.

## R. Pensions

For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Authority's Employees Retirement Plan (Plan) and additions to or deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments, including refunds of employee contributions, are recognized and due and payable in accordance with the benefit terms.

## S. Net Position

Net position is comprised of three categories: (1) net investment in capital assets; (2) restricted net position; and (3) unrestricted net position. Each component of net position is reported separately on the statements of net position.

Net investment in capital assets represents the balance of capital assets less accumulated depreciation, net of outstanding related debt and capital lease obligations.

Restricted net position is subject to constraints externally imposed by funding agencies or legislation. The amount of restricted net position is calculated by reducing the carrying value of restricted assets by their related liabilities. Restricted net position includes cash received from receipts from HUD as demolition grants. These items are restricted by agreements that detail specific purpose and use. Restricted net position also includes the minority interest of certain Tax Credit Limited Partnerships included as Blended Component Units.

The unrestricted component of net position represents the portion remaining after the "net investment in capital assets" and "restricted" amounts have been determined. The Authority's positive value of unrestricted net position may be used to meet ongoing obligations.

## T. Revenues, Expenses and Capital Contributions

Operating revenues and expenses. The Authority's operating revenues are derived from charges to residents and others for services provided. Operating expenses are costs incurred during the operation of its primary housing activities. Such revenues and expenses are reported as earned or incurred, respectively.

Nonoperating revenues and expenses. The Authority's nonoperating revenues primarily include non-exchange revenue from subsidies and grants; which are recognized when funds are measurable or at the time of compliance with program expenditure requirements. Nonoperating expenses are expenditures derived from transactions other than those associated with the Authority's primary housing operations and are reported as incurred.

Capital Contributions. The Authority's capital contributions relate primarily to federal capital grants. For reporting purposes, revenue is recognized when expenditures are incurred. Advance receipts are initially recorded as unearned revenue.

## U. Interfund Transactions and Elimination

Unrestricted cash and investment balances are consolidated in the Low Rent Housing Program to derive financial leverage. Interfund receipt and spending activity between fund entities is reported in self-balancing "Due To/Due From" memorandum accounts. For reporting purposes these balances are eliminated in supplementary combining schedules of net assets and not shown in the basic financial statements. However, Interfund balances are included in the presentation of the supplementary information's Financial Data Schedule.

## V. Pollution Remediation

The Authority estimates expected outlays for pollution remediation, which are reported as accrued liabilities and other non-current liabilities (see Note 10), when any one of the following obligating events occur:

- A government is compelled to action because of imminent danger to public health, welfare or the environment;
- A government has violated a pollution prevention-related permit or license;
- A regulator has identified (or evidence indicates it will identify) a government as responsible (or potentially responsible) for cleaning up pollution, or for paying all or some of the cost of the clean-up;
- A government is named (or evidence indicates that it will be named) in a lawsuit to compel it to address the pollution; and
- A government commences or legally obligates itself to begin cleanup or postcleanup activities.

## W. Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

## 2. DEPOSITS AND INVESTMENTS

| \$ | 674,092,962 | \$ | 631,835,424 |

Investments shown in the table above include $\$ 30.8$ million of Government Money Market Mutual Funds and \$14.4 million of short-term investments at December 31, 2021. At December 31, 2020, investments include $\$ 50.5$ million of Government Money Market Mutual Funds and $\$ 72$ million of short-term investments. These amounts are presented as Cash and Cash Equivalents on the Statements of Net Position. Investments shown in the table above exclude $\$ 16$ million and $\$ 16.3$ million of Certificates of Deposit with Financial Institutions at December 31, 2021 and 2020 respectively, which are presented in Investments on the Statements of Net Position.

The Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The three levels of the fair value hierarchy under the guidance are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets.
- Level 2 inputs are inputs-other than quoted prices-included within Level 1 that are observable for the asset, either directly or indirectly.
- Level 3 inputs are unobservable inputs. The Authority doesn't hold any level 3 investments.

Short term investments: consist primarily of investments in government money market funds. The fair value of the shares held is based on an observable, unadjusted quoted market price in an inactive market; therefore, this investment has been categorized as Level 2.

Fixed income securities: include assets held in U.S. Treasury bonds, U.S governmentbacked securities, and corporate bonds. These securities are valued based on evaluated prices that reflect observable market information, such as actual trade information of similar securities, adjusted for observable differences. They are categorized as Level 2.

Common stock: investments are primarily traded on exchanges that contain actively traded securities. Common stocks are valued daily based on quoted market prices in active markets and are categorized as Level 1.

Mutual funds: are valued at the daily closing price as reported by the fund. The mutual funds held by the Pension Trust Fund are primarily open-end, nongovernmental, mutual funds that are registered with the Securities and Exchange Commission (SEC) and consist of equity and fixed income mutual funds. These funds

## CHICAGO HOUSING AUTHORITY NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED) YEARS ENDED DECEMBER 31, 2021 AND 2020

are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Pension Trust Fund are deemed to be actively traded and have been categorized as Level 1.

Collective investment fund: Valued at the NAV of units held in the collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is determined daily based on the fair value of the underlying investments held by the fund, less its liabilities.

The Authority has determined the following recurring fair value measurements as of December 31, 2021 and 2020:

## Disclosures Relating to Interest Rate Risk

Enterprise Fund. The Authority's Board-approved investment policy contains a provision requiring at least $50 \%$ of the liquidity portfolio, equal to total investments less insurance reserves, Moving To Work program reserves, debt service reserves, CHA LLC and other segregate accounts to mature within 1 year in order to mitigate risk in the market interest rates that may adversely affect the fair value of its investments. The Authority manages its exposure to interest rate risk by purchasing a combination of shorter-term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to

Pension Trust Fund. The Pension Trust Fund does not have a Board-approved policy for interest rate risk. The Pension Trust Fund's Board approved investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Pension Trust Fund investments are invested according to the targeted investment mix in the Investment Policy of the Plan. The short-term and long-term targets seek to achieve the Plan's assumed rate of return in conjunction with the overall asset/liability structure of the Plan. As of December 31, 2021, the weighted average duration of the long-term fixed income portfolio was 6.20 years.

Realized and Unrealized Gains and Losses on Investments. The calculation of realized gains and losses of Trust investments sold is independent of the calculation of the net change in fair value (unrealized gains and losses). Realized gains and losses on investments that have been held more than one year and were sold in the current year were included as a change in the fair value in the prior year(s) and the current year. The net appreciation and depreciation in fair value of Trust investments is as follows:

## Investments with Fair Values Highly Sensitive to Interest Rate Fluctuations

Enterprise Fund. The Authority's investments (including investments held by bond trustees) include the following investments that are highly sensitive to interest rate fluctuations (to a greater degree than already indicated in the information provided above). The board approved policy indicates that these types of securities will be limited to $5 \%$ or less of the aggregate portfolio. In addition, highly sensitive securities will be subject to the passing of Federal Financial Institutions Examination Council (FFIEC) testing at time of purchase.

Pension Trust Fund. The Pension Trust Fund has not adopted a Board-approved credit risk policy. Investment advisors are to purchase only bonds issued by the federal government and its agencies, mortgage-backed securities, and corporate bonds rated by Standard \& Poor's and Moody's "BB/Ba Grade," respectively, or better by a nationally recognized credit rating agency. The fixed income portfolio as a whole must have an average quality of at least "AA/Aa." The fixed income portfolio as a whole is subject to active management in the interest of achieving maximum total return within appropriate quality constraints.

Investment in short-term securities is limited to $5 \%$ of Plan assets. Short-term investments may include but are not limited to U.S. Treasury securities, certificates of deposit, and commercial paper. Funds available for short-term investments may include proceeds from the sale of bonds or equities, interest and dividend income, and plan contributions.

## Concentration of Credit Risk

Enterprise Fund. The Board-approved investment policy of the Authority contains a limitation on the total amount that can be invested in any one issuer as a percentage of the portfolio of investments, excluding cash $\&$ cash equivalents and money market funds.

Approved HUD investments in any one issuer (other than explicitly backed U.S. Treasury securities, mutual funds, and external investment pools) that represent $5.00 \%$ or more of total Authority investments at December 31, 2021 and 2020, are as follows:

* Denominator represents total investments less Government Money Market Mutual Funds equaling $\$ 379.6$ million and $\$ 411.6$ million at December 31, 2021 and 2020, respectively.

Pension Trust Fund. Except for certain investments held in publicly traded mutual funds, there are no investments at year-end that represent $5 \%$ or more of the Plan's fiduciary net position.

## Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Authority or the Pension Trust will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial risk for investments is the risk that, in
the event of the failure of the counterparty (e.g., broker/dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

Enterprise Fund. State of Illinois' investment guidelines or policy for government agencies operating in the state do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments. As of December 31, 2021, the Authority has $\$ 263.7$ million in deposits with financial institutions. In accordance with the Authority's board approved Investment Policy, and the Illinois Public Funds Investment Act ( 30 ILCS 235/), $\$ 247.8$ million of these deposits are held by regularly organized state or national banks insured by the FDIC which are required to hold government security collateral in the Authority's name for any amount in excess of federal depository insurance limits. The remaining \$15.9 million of these deposits are uncollateralized. The Authority's management feels that any risk of loss is remote.

## 3. NOTES AND MORTGAGES RECEIVABLE

Notes and Mortgages Receivable are comprised of the following types of loans:
Building Loans. In exchange for notes receivable, title to the buildings is transferred to a third-party developer or a cooperative. As part of the title transfer, the developer or cooperative association agrees to maintain the property for public or affordable housing over the life of the loan. Building loans are secured by a mortgage lien on the subject real property.

Construction Loans. The Authority advances loans to third-party developers in conjunction with multi-lender mixed income financing arrangements for new construction and rental assistance demonstration loans. The developer agrees to designate a specific number of units for public housing, for which the Authority generally maintains 40 -year lease rights. A lump-sum payment of principal and interest, if applicable, is due at maturity, which is generally 40 years. Mixed financing construction loans are secured by a mortgage lien on the subject real property.

Pre-development Loans. The Authority advances loans to third-party developers in conjunction with multi-lender mixed financing arrangements for pre-development and master-planning activities. Payment of the loan and interest, if applicable, is fully due at final closing. Pre-development loans are evidenced by promissory notes and assignments of contract documents.

Allowances. At December 31, 2021 and 2020, Notes and Mortgages Receivable totaled $\$ 706.3$ million and $\$ 682.4$ million, respectively. The balance includes amounts for Building Loans, Construction Loans, and Pre-Development Loans as described above. No allowance for uncollectible amounts is deemed necessary against these receivables at December 31, 2021 and 2020. All notes are non-recourse loans supported by loan agreements and are collateralized by the respective properties. These loans are due upon maturity in 40 years and no facts are currently known that would lead the Authority to believe that default on these loans is

probable. The debt may be satisfied through repayment in full or by transfer of the low-income designated units to the Authority. An allowance for a loss contingency has not been recorded as both of the following criteria have not been met: (1) Information available prior to issuance of the financial statements indicates that it is probable that an asset had been impaired, or a liability had been incurred at the date of the financial statements. It is implicit in this condition that it must be probable that one or more future events will occur confirming the fact of the loss. (2) The amount of the loss can be reasonably estimated. In addressing collectability, the Authority also considers the viability and going concern of respective developers. In addition, the Authority considers the continuing service utility of the collateral real estate and improvements.

Interest Income. Due to uncertainty created by the length of time preceding the required payment of interest and due to provisions of certain notes that interest payment is contingent upon the existence of surplus cash, interest earned on notes and mortgages receivable has been deferred and not recognized in the Statements of Revenues, Expenses and Changes in Net Position. No net receivable has been reflected on the Statements of Net Position. To the extent that interest is currently due pursuant to the terms of the loan and has been received, interest income is recognized.

## 5. COMMITMENTS AND CONTINGENCIES

## Commitments

Loan Commitments. The Authority has entered into financing agreements with private developers to construct new mixed-income properties. The agreements require the Authority to provide loans from certain funds made available from HUD to private developers to assist in the construction of new dwelling units, of which a specified number will be designated assisted housing. The total loan commitments outstanding as of December 31, 2021 and 2020, were $\$ 94.1$ million and $\$ 32.5$ million, respectively.

Construction Commitments. The Authority is involved in various modernization and other construction programs. At December 31, 2021 and 2020, outstanding construction commitments totaled $\$ 27.9$ million and $\$ 26.4$ million, respectively.

## Contingencies

Intergovernmental Funding. The Authority receives financial assistance from federal, state, and local governmental agencies in the form of grants and operating subsidies. Disbursements of funds received under these programs require compliance with terms and conditions specified in the agreements and are subject to audit by the granting agencies. Any disallowed claims resulting from such audits

## CHICAGO HOUSING AUTHORITY <br> NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED) <br> YEARS ENDED DECEMBER 31, 2021 AND 2020

could become a liability of the Authority. In the opinion of management, any such disallowed claims would not have a material effect on the overall financial position of the Authority as of December 31, 2021.

Pending Litigation. The Authority is a defendant in various pending and threatened litigation relating to claims arising from contracts, personal injury, property damage, police conduct, discrimination, civil rights actions, and other matters for which known, probable, and estimable amounts have been accrued (see Note 6). The Authority's management believes the ultimate resolution of such matters will not have a material adverse effect on the financial position of the Authority as of December 31, 2021.

Property Rental Assistance Payments. The Authority has entered into Property Rental Assistance contracts with property owners to pay housing assistance payments for residential units leased to eligible families for period ranging from 12 months to 30 years. The payments under the agreements are contingent on HUD funding of such contracts and the amounts are based on tenant's income and number of units leased.

## 6. RISK MANAGEMENT

Insurance Reserves. The Authority is exposed to various hazards and risks of loss, including natural disasters, damage to Property, Crime, General Liability, Auto Liability, Errors and Omissions, Pollution Legal Liability, Employment Practices Liability, Public Officials, Fiduciary and Workers' Compensation. The Authority participates in a variety of insurance policies and self-insured programs, including an Owner Controlled Insurance Program commonly referred to as the Private Managers Insurance Program ("PMIP"). Implemented in April 1999, the PMIP ensures that Private Management Companies have the insurance coverage to adequately protect the Authority's property management operations.

The insurance coverage for the Authority, as of December 31, 2021, is as follows: General Liability exposures for the Authority are insured $\$ 10$ million for each occurrence with a self-insured retention ("SIR") of $\$ 1,000,000$. Note that any liabilities arising from the PMIP program are excluded under this program. The Authority's Workers' Compensation exposures are fully self-insured.

General Liability claims for the PMIP are insured for $\$ 22$ million in aggregate limits with an SIR of $\$ 250,000$. Workers' Compensation for site staff is excluded from coverage under the PMIP, as coverage was canceled as of November 1, 2009. Private Property Managers used by the Authority to assist in property management transactions are responsible for insuring their own Workers' Compensation risks, as required by each Property Management Agreement.

Insurance reserves for General Liability and Workers' Compensation claims are determined based upon a combination of actuarial estimates and case reserves and includes provisions for incurred but not reported claims. The estimate of the claim's liability does not include amounts for claim adjustment expenses. General Liability reserve balances, including claims for all matters other than Workers' Compensation,
were $\$ 3.6$ million and $\$ 4.7$ million at December 31, 2021 and 2020, respectively. Reserve balances for Workers' Compensation were at $\$ 1.1$ million and $\$ 1.3$ million, respectively, at December 31, 2021 and 2020.

Changes in the reported liability for insurance reserves are summarized as follows:

|  | 2021 |  | 2020 |  | 2019 |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Beginning Balance, January 1 | \$ | 5,959,899 | \$ | 6,980,290 | \$ | 14,062,741 |
| Claim Reserve Change |  | $(345,127)$ |  | 983,055 |  | 1,104,709 |
| Less Payment Made |  | $(917,826)$ |  | $(2,003,446)$ |  | $(8,187,160)$ |
| Total Insurance Reserve, December 31 | \$ | 4,696,946 | \$ | 5,959,899 | \$ | 6,980,290 |

The above insurance reserve balances are comprised of the current and long-term portions shown in the statements of net assets. The aggregate amount of claim liabilities has not exceeded the insurance coverage purchased; accordingly, no liability is recorded for these reported claims.

## 7. LEASE OBLIGATIONS

The Authority classified agreements that meet the criteria for GASB 87, Leases, as lease obligations. Lease obligations include long-term (40-year) agreements for lease of privately developed, owned, and managed residential units as public housing and have been restated at an amount equal to the present value of remaining lease payment obligations using the current subsidy rate effective January 1, 2020. Right-to-use assets have been restated and are depreciated in a manner consistent with that used for buildings and equipment as described in Note 1.

The Authority's lease agreements provide opportunity for annual index-based increases in operating subsidy, generally not to exceed a maximum of $2 \%$. Such escalations are subject to Authority approval in owner-prepared expenditure budgets for the operation of the units or other reconciliation procedures based on actual operating results. These future increases are excluded from lease obligations net present value presentations, as their amount is not certain and becomes effective only in connection with Authority approval of related operating budgets or the completion of reconcilations in lieu of automatic escalation. The Authority recognizes lease payment increases as an outflow of resources when they occur.

The Authority is also the lessee of a corporate office and satellite offices. The lease obligation is measured at the present value of payments expected to be made during the lease term. As of December 31, 2021, the Authority held three (3) leases for office through 2037 and nonresidential space through 2049.

Right-to-use assets classified as lease obligations consisted of:

| Assets |

## 8. LONG-TERM DEBT AND CHANGES IN LONG-TERM LIABILITIES

The CHA Tax-Exempt General Obligation Bonds, Series 2018A. In 2018, the Authority issued Tax Exempt General Obligation Bonds, Series 2018A of \$100.0 million, for total proceeds of $\$ 111.4$ million. The bonds bear interest at a stated rate of $5.00 \%$. Bond proceeds are required to be used for capital asset construction and rehabilitation costs. Eligible HCV administrative fees and tenant rents of Authority
owned properties will be used for the payment of bond principal and interest. Bond premiums are being amortized over the life of the bonds consistent with the debt service payment schedule. The remaining unamortized bond premium at December 31,2021 and 2020 approximates $\$ 8.2$ million and $\$ 9.2$ million, respectively.

Maturities and required interest under the bonds are as follows:

The CHA Taxable General Obligation Bonds, Series 2018B. In 2018, the Authority issued Taxable General Obligation Bonds, Series 2018B of $\$ 225$ million at rates ranging $3.18 \%$ to $4.32 \%$. Total proceeds equaling $\$ 225$ million are required to be used for mixed finance capital asset construction and rehabilitation costs. Eligible HCV administrative fees and tenant rents of Authority owned properties will be used for the payment of bond principal and interest.

Series 2018A and Series 2018B Bond Indenture Funds. Upon issuance of the CHA Tax-Exempt General Obligation Bonds, Series 2018A and CHA Taxable General Obligation Bonds, Series 2018B bonds, certain indenture funds were established. The indenture created the project fund, the reserve fund and the capitalized interest fund. The project fund was for project costs. The trustee shall disburse funds on deposit in the project fund to the Authority upon receipt of a certified requisition that all amounts drawn will be applied to the payment of eligible capital project costs. The reserve fund is restricted for the payment of annual debt service. The trustee may disburse funds on deposit in the reserve fund for the payment of debt service not specified in the capitalized interest fund.

Amounts held in the indenture funds as of December 31, 2021 are as follows:

|  | 2018 Series A Bonds |  | 2018 Series B Bonds |  | Total |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| Totals | \$ | 46,386,631 | \$ | 119,506,230 | \$ | 165,892,861 |

At December 31, 2021, long-term project costs of $\$ 136.9$ million and reserve funds of $\$ 29.0$ million, totaling $\$ 165.9$ million, are included as part of cash and cash equivalents, restricted, in the amount of $\$ 22.6$ million, and investments at fair value, restricted, in the amount of $\$ 143.3$ million. Long-term project cost and reserve funds are included in the noncurrent asset section of the statement of net position.

Amounts held in the indenture funds as of December 31, 2020 are as follows:

|  | 2018 Series A Bonds |  | 2018 Series B Bonds |  | Total |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| Totals | \$ | 44,963,218 | \$ | 141,964,713 | \$ | 186,927,931 |

At December 31, 2020, long-term project costs of $\$ 158.1$ million and reserve funds of $\$ 28.9$ million, totaling $\$ 186.9$ million, are included as part of cash and cash equivalents, restricted, in the amount of $\$ 35.4$ million, and investments at fair value, restricted, in the amount of $\$ 151.5$ million. Long-term project cost and reserve funds are included in the noncurrent asset section of the statement of net position.

At December 31, 2021 and 2020, all cash and investment amounts held in the indenture funds by the trustee have been deemed restricted, as they can only be used for certain capital project costs, per bond covenants, in accordance with the Authority's five-year capital plan, and the payment of debt service. Changes in the Authority's annual capital project budget may lead to accelerated or deferred use of project cost reserves.

The CHA Taxable Revenue 2010 Build America Bonds. In 2010, the Authority issued Taxable Revenue Bonds Series 2010 Build America Bonds of $\$ 25$ million comprised of Serial Bonds with face value $\$ 21.8$ million at $5.36 \%$ interest and Term Bonds with face value of $\$ 3.2$ million at $6.39 \%$ interest. The Bonds are an unsecured general obligation of the Authority. A portion of the interest due on the bonds is subsidized by the U.S. Government. Subsidy interest payments received under the bonds are reflected in Other Income. At December 31, 2021, the total outstanding principal and interest amounts of the 2010 bonds were $\$ 10.2$ million and $\$ 2.7$ million, respectively. At December 31, 2020, the total outstanding principal and interest amounts of the 2010 bonds were $\$ 11.5$ million and $\$ 3.4$ million, respectively.

Revenue bond debt service requirement of the 2010 Build America Bonds to maturity is as follows:

Arbitrage. The Authority is subject to federal arbitrage regulations. Arbitrage occurs when a government issues bonds at one rate of interest and invests the proceeds at a higher rate of interest. The resulting gain is referred to as arbitrage earnings. Arbitrage earnings that exceed limits imposed by federal regulations must be refunded to the federal government. There is no liability for arbitrage as of December 31, 2021 or 2020.

Lines of Credit. In 2013, the Authority obtained a $\$ 20$ million line of credit from Federal Home Loan Bank of Chicago at an interest rate not to exceed $2.5 \%$ for a period not to exceed 36 months from the time of lending. The line of credit is collateralized by cash and investments held by the Authority. In 2016, the Board approved a resolution to expand the use of funds borrowed under this line. There was an outstanding balance of $\$ 1.5$ million at December 31, 2019, which was repaid in March, 2020. There was no outstanding balance as of December 31, 2021 or December 31, 2020.

In 2019, the Authority renewed an unsecured $\$ 25$ million line of credit, from BMO Harris Bank N.A. at an interest rate not to exceed $1.5 \%$ over the Prime Rate for a period of 12 months. There was no outstanding balance as of December 31, 2021 and December 31, 2020. The credit facility expires on March 31, 2024.

## 11. EMPLOYEES' RETIREMENT PLAN \& TRUST

Trust Description. The Authority established the original retirement plan in 1951. A trust fund for the plan was established in 1994, and in 1997 the plan and trust were combined into the Chicago Housing Authority Employees' Retirement Plan and Trust (the "Trust"). The Trust is a legally separate cost sharing, multi-employer, defined benefit pension plan which covers all regular, permanent, full-time, and certain union-represented employees of the Authority. The Authority includes the trust in the fiduciary fund of these basic financial statements. Effective January 1, 2018 the Trust covers certain employees of the Chicago Metropolitan Housing Development Corporation ("CMHDC") pursuant to a resolution approved by The Trust Board, subject to the terms and conditions specified in the Participation Agreement. The risks of participating in a cost sharing, multi-employer plan is different from a single-employer plan in the following aspects:

- Assets contributed to the cost sharing, multi-employer plan by one employer may be used to provide benefits to employees of other participating employers.
- If a participating employer stops contributing to the plan the unfunded obligations of the plan may be borne by the remaining participating employers.
- If an employer chooses to stop participating in the cost sharing, multiemployer plan, the employer may be required to pay the cost sharing, multi-employer plan an amount based on the underfunded status of the plan, referred to as a withdrawal penalty.

While the plan is a cost sharing, multi-employer plan, the Authority accounts for its participation as a single employer and prepares single employer disclosures and required supplementary information in accordance with GASB 68, as amended, due to overwhelming proportion of plan contributions made by the Authority.

As of December 31, 2021, four CMHDC employees are participating and participation will not be available to any future employees of CMHDC without approval of the Board. The Board and the Board of Trustees of the Trust have extended this participation agreement through December 31, 2021 at which time it will be terminated. The financial statements of the Trust have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board.

Eligible employees begin participation on the first day of the month following or coincident with their completion of one year of continuous service.

The Authority's 2021 payroll covered under the Trust was $\$ 41,494,773$ of which, $\$ 40,971,987$ is attributable to CHA and $\$ 522,786$ is attributable to CMHDC. Trust participants at January 1, 2021 and 2020, the valuation date, were as follows:

Trust provisions are established through an agreement between the Authority and the Board of Trustees and may be amended by the Authority with the Board's consent. The Trustees perform administrative responsibilities for the Trust. Participants' benefits are vested after five years of credited service. Participants who retire and are at least age 65 , or who are at least age 60 with completion of at least 25 years of continuous service, with at least five years of credited service, are entitled to a normal retirement benefit. Participants may retire earlier, between age 55 and age 65, with at least five years of credited service. A normal retirement benefit is the sum of the prior plan past-service benefit (fully purchased benefit under past service insurance contracts), plus prior plan future-service benefit (benefit provided from reserve accumulated as of December 31, 1960), plus the present plan future-service benefit. The present plan future-service benefit represents the sum of: (i) $55 \%$ of the participant's contributions each year after December 31, 1960 and prior to January 1,1980 ; and (ii) $1.75 \%$ of the first $\$ 4,200$ in annual compensation, plus $2.5 \%$ in annual compensation in excess of $\$ 4,200$ for each plan year after December 31, 1979.

The Trust's assets are placed in seven custodial trust accounts, all reported at fair value. The Trust's investments are stated at fair value. If available, quoted market prices are used to value investments. Any investments with the Trust's custodian which have no quoted market price are valued by the Plan's custodian at estimated fair value. Several factors are considered in arriving at fair value. In general, however, corporate bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings. If a market price quote for common stock is not available, common stocks are valued at a multiple of current earnings of the issuer less an appropriate discount. The multiple chosen is consistent with multiples of similar companies based on current market prices. Investments in the collective trust are stated at the redemption value of the units held by the Plan as determined by the investment manager, based on the current market values of the underlying assets of the fund. Investments in mutual funds are stated at fair value based on quoted market prices. Certain securities that are traded in the over-the-counter market and listed securities for which no sale was reported on the last business day of the plan year are valued at the average of the last reported bid and asked prices. See Note 2 for discussion on investments and fair value measurements.

## CHICAGO HOUSING AUTHORITY <br> NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED) <br> YEARS ENDED DECEMBER 31, 2021 AND 2020

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Funding Policy. Contributions to the Trust are made by the Authority and CMHDC. The amount of the bi-weekly contributions is based on eligible compensation. The calculation and funding are as follows: $5 \%$ of compensation, plus $5 \%$ ( $3.5 \%$ of first $\$ 4,200$ ) of employee contributions, paid by the employer, plus any funding to reconcile to the annual actuarial recommended contribution. The Authority's Board of Commissioners is responsible for establishing and amending the funding policy for the Trust and therefore has assumed the obligation to make contributions to the plan.

Each plan year the actuary determines the recommended employer contribution amount for the Authority which is sufficient to support the current year service liability, any unfunded liability and interest.

The Authority's contributions to the Trust for each of the past two years are as follows and were approximately at least $100 \%$ of the actuarially determined contributions:

2021
2020

Amount

| $\$$ | $3,431,976$ |
| :--- | :--- |
|  | $3,406,206$ |

## Significant Contributing Employer

CHA represents the significant employer in this cost sharing multi-employer plan. In 2021, contributions from CHA represented $97.6 \%$ of total employer contributions. In the event CHA was to suspend contributions, the Trust would retain the risk of meeting its current obligations until the appropriate adjustments were made. The following summarizes the Trust contributions by participating employers at December 31, 2021.

|  | Amount |  |  | Percentage |
| :--- | ---: | ---: | :--- | ---: |

## Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service that employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on the sum of the participant's (i) prior plan past-

service benefit, (ii) prior plan future-service benefit and (iii) present plan futureservice benefit. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits provided via permanent annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

## Actuarial Assumptions

Significant actuarial assumptions used in the January 1, 2021 and 2020 actuarial valuation are the same as those used to compute the actuarial accrued liability; these assumptions are as follows:

Actuarial cost method
Long-term return on assets
Salary increases
Inflation rate
Expenditures
Mortality

Disability

Marital status

Active retirement basis

Amortization method
Amortization period
Post-retirement benefit increases

Entry Age Normal.

Investment return is assumed to be net of expenses.
For active and inactive members, mortality rates were based on the RP-2014 Pre-Retirement Employers Mortality Table Projected generationally from 2014 using Social Security Administration Mortality Improvement Scale, with male rates set forward two years. For members in payment status, mortality rates were based on the RP-2014 Annuitants Mortality Table projected generationally from 2014 using Social Security Administration Mortality Improvement Scale, with male rates set forward two years.
Age-Based rates that range from $0.08 \%$ at age 20 to $1.09 \%$ at age 60 .
Wives assumed to be three years younger than spouses; $80 \%$ of male and $70 \%$ of female participants are assumed to be married.
Age-based rates that range from $1 \%$ at age 55 to $100 \%$ at age 70 . In addition, participants with 25 or more years of service are assumed to retire with $20 \%$ probability between ages 60 and 64 .

## Long-Term Expected Investment Rate of Return Assumption

The long-term expected investment rate of return assumption at December 31, 2021 was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of the real rates of return for each major asset class included in the Plan's target asset allocation are summarized in the following table:

|  | Target <br> Allocation | Long-Term <br> Expected Real <br> Rate of Return |
| :--- | ---: | :---: |

## Money-Weighted Rate of Return

For the years ended December 31, 2021 and 2020, the annual money-weighted rate of return on the Trust investments, net of investment expenses, was $14.73 \%$ and $10.81 \%$, respectively.

## Net Pension Liability

The actuarial valuation described above is based on data as of December 31, 2021, in accordance with the entry age normal actuarial cost method. The total pension liability calculated for the Pension Trust Fund as of January 1, 2021, was adjusted using the roll-forward techniques to approximate the total pension liability as of December 31, 2021, the measurement date for the Pension Trust Fund. The calculation as of the measurement date of December 31, 2021 takes into account the significant events occurring between the valuation date of January 1, 2021 and the measurement date. The roll-forward technique was also used in 2020.

Of the total net pension asset at December 31, 2021 of $\$ 9,637,410, \$ 9,515,988$ is attributable to CHA and $\$ 121,422$ is attributable to CMHDC.

Sensitivity of the net pension liability to changes in the discount rate. The following presents the net pension liability as of December 31, 2021 and 2020, calculated using the discount rate of $7.25 \%$, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower ( $6.25 \%$ ) or 1 -percentage-point higher ( $8.25 \%$ ) than the current rate:

Net pension (liability) asset, December 31, 2021

Net pension (liability) asset, December 31, 2020

## Discount Rate

The discount rate used to measure the total pension liability was $7.25 \%$ as of December 31, 2021 and 2020. The projection of cash flows used to determine the discount rate assumes that employer contributions will be made at amounts equal to the actuarially determined contributions. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members as of December 31, 2021 and 2020. Therefore, the long-term expected return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of December 31, 2021 and 2020.

## Tax Status

The Trust is subject to certain requirements of Sections 401(a) and 501(a) of the Internal Revenue Code (IRC) and its form and operation is required to be in conformity with the IRC in order to be a qualified plan. HUD strongly recommends

## CHICAGO HOUSING AUTHORITY <br> NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED) <br> YEARS ENDED DECEMBER 31, 2021 AND 2020

that a retirement plan be qualified under the IRC of 1986. The Internal Revenue Service has determined and informed CHA by a letter dated March 20, 2014, that the Plan and related trust are designed and qualified in accordance with applicable sections of the IRC. The Trust administrator believes that the plan is currently designed and operated in compliance with the applicable requirements of the IRC.

Plan Termination
Although it has not expressed any intention to do so, CHA has the right under the Plan, to discontinue its contributions at any time and to terminate the Plan by consent of the Board of Trustees and resolution of the Board. In the event the Plan terminates, the fiduciary net position of the Plan will be apportioned and distributed in accordance with current statutes and regulations, along with procedures contained in the Plan document.

## CHICAGO HOUSING AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2021 AND 2020

## 13. POLLUTION REMEDIATION OBLIGATION

The Authority has not been compelled to action by any governmental authority nor is named in lawsuits compelling remediation of pollution. However, in connection with its execution of its capital plan and the modernization/rehabilitation of its housing assets, the Authority has identified remediation activities relating primarily to lead based paint or asbestos removal and cleanup. The Authority reports a liability upon the occurrence of any of the aforementioned obligating events, as discussed in Note 1. These obligations were estimated in consultation with the third-party contractors performing the work. The pollution remediation obligation at December 31,2021 and 2020 equals $\$ 8.1$ million and $\$ 12.5$ million, respectively, and is reflected as a component of accrued liabilities and other noncurrent liabilities. Expense for the year ended December 31, 2021 and 2020 recognized were $\$ 1.6$ million and $\$ 2.0$ million, respectively, and is reflected as a component of maintenance expense.

## 14. COVID-19

The COVID - 19 pandemic did not impact the basic financial statements as presented. Although the future extent of the pandemic is unknown at this time, financial ramifications may include decreased rent collections and increased administrative, resident and maintenance expenses due to preparation, prevention and response initiatives implemented by the Authority. The CARES Act was enacted in response to the COVID-19 pandemic. The Authority received Housing Choice Administrative fee and Housing Assistance payment funding and reimbursable Public Housing Operation for preparing, preventing, and responding to COVID -19 pandemic and for eligible Operating and Capital Fund activities.

## 15. PRIOR PERIOD RESTATEMENTS AND RECLASSIFICATION

The Authority has adopted GASB 87 (See Note 1) as of January 1, 2020 and has retroactively restated the comparative financial period presented in these basic financial statements including the restatement of Net Position as of January 1, 2020. The Authority's Statement of Net Position as of December 31, 2020 and the Authority's Statement of Revenues and Expenses and Changes in Net Position and Statement of Cash Flows for the year ended December 31, 2020 have been restated in accordance with the provisions of GASB 87.

As General Partner, the Authority is financially accountable for several limited tax credit partnerships included as Blended Component Units (see Note 1). In 2021, the Authority determined that the minority equity interest in these Limited Partnerships should be reported as Restricted Net Position in the financial statements of the Authority. Previously, the Authority reported the minority equity of these entities as part of Other Non-Current Liabilities in its Statement of Net Position. The Authority's Statement of Net Position as of December 31, 2020 and the Authority's Statement of Revenues and Expenses and Changes in Net Position for the year ended December 31, 2020 and Net Position as of January 1, 2020 have been reclassified in accordance with this change in reporting.

Actuarial Assumptions
Valuation date
Significant actuarial assumptions used in this January 1, 2019 actuarial valuation are the same as those used to compute the actuarial accrued liability; these assumptions are as follows:

Actuarial cost method
Long-term return on assets
Salary increases
Inflation rate
Expenditures
Mortality

Marital status
Active retirement basis
Amortization method
Post-retirement benefit increases

Entry Age Normal.
$7.25 \%$ per annum (investment return).
$3.00 \%$ per annum.
2.75\% per annum.

Investment return is assumed to be net of expenses.
For active and inactive members, mortality rates were based on the RP-2014 Pre-Retirement Employers Mortality Table Projected generationally from 2014
using Social Security Administration Mortality Improvement Scale, with male rates set forward two years.
For member in payment status, mortality rates were based on RP 2014 Annuitants Mortality Table projected generationally from 2014
using Social Security Administration Morality Improvement Scale, with male rates set forward two years.
Age-Based rates that range from $0.08 \%$ at age 20 to $1.09 \%$ at age 60 .
Wives assumed to be three years younger than spouses; $80 \%$ of male and $70 \%$ of female participants are assumed to be married.
Age-based rates that range from $1 \%$ at age 55 to $100 \%$ at age 70 . In addition, participants with 25 or more years of service
are assumed to retire with $20 \%$ probability between ages 60 and 64 .
Level Percentage of Payroll.
20 years, closed.
Not applicable.

## Other Information

The following changes to the actuarial asumption used to determine the actuarial contributions in the table above are as follows
In 2015, the dicount rate was changed to $7.25 \%$, the salary rate increase changed to $3.00 \%$, the payroll growth rate changed to - 0 - and
the RP-2014 Mortality Tables fully genrational from 2014 were used.

## CHICAGO HOUSING AUTHORITY

STATISTICAL SECTION NARRATIVE
YEAR ENDED DECEMBER 31, 2021
This part of the Chicago Housing Authority's (the Authority) comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Authority's overall financial health.

## Contents:

## Financial Trends

These schedules contain trend information to help the reader understand how the Authority's financial performance and well-being have changed over time. These schedules can be viewed on pages 262-264.

## Revenue Capacity

These schedules contain information to help the reader assess the factors affecting the Authority's ability to generate its own source revenue. This schedule can be viewed on page 265.

## Debt Capacity

These schedules present information to help the reader assess the affordability of the Authority's current levels of outstanding debt and the Authority's ability to issue additional debt in the future. These schedules can be viewed on pages 266-267.

## Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Authority's financial activities take place and to help make comparisons over time and with other governments. These schedules can be viewed on pages 268-269.

## Operating Information

These schedules contain information about the Authority's operations and resources to help the reader understand how the Authority's financial information relates to the services the Authority provides and the activities it performs. This schedule can be viewed on page 270-274.

Source: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The Authority implemented GASB Statement 34 in 2001; schedules presenting government-wide information include information beginning in that year, unless otherwise noted.
